WE'RE WITH YOU EVERY STEP

System training and support

Schoolwatch offers full system training, support and maintenance. We want to make sure that your system is used to its full potential. Our team will provide training to any members of staff on how to use the system and management software. We can also offer ongoing support and additional training if required.

Maintenance contracts

Our maintenance offering is a mix of Planned Preventative Maintenance (PPM) and Emergency Callout. We can design a plan to suit the needs and budget of your school. Protect and future-proof your investment with a maintenance contract from Schoolwatch.
