EXPERTS IN FOOD DISPLAY

ALUCHEF | PREMIUM LIGHTWEIGHT COOKWARE

ALUCHEF

FREE FROM PFAS, PTFE & OTHER HARMFUL CHEMICALS

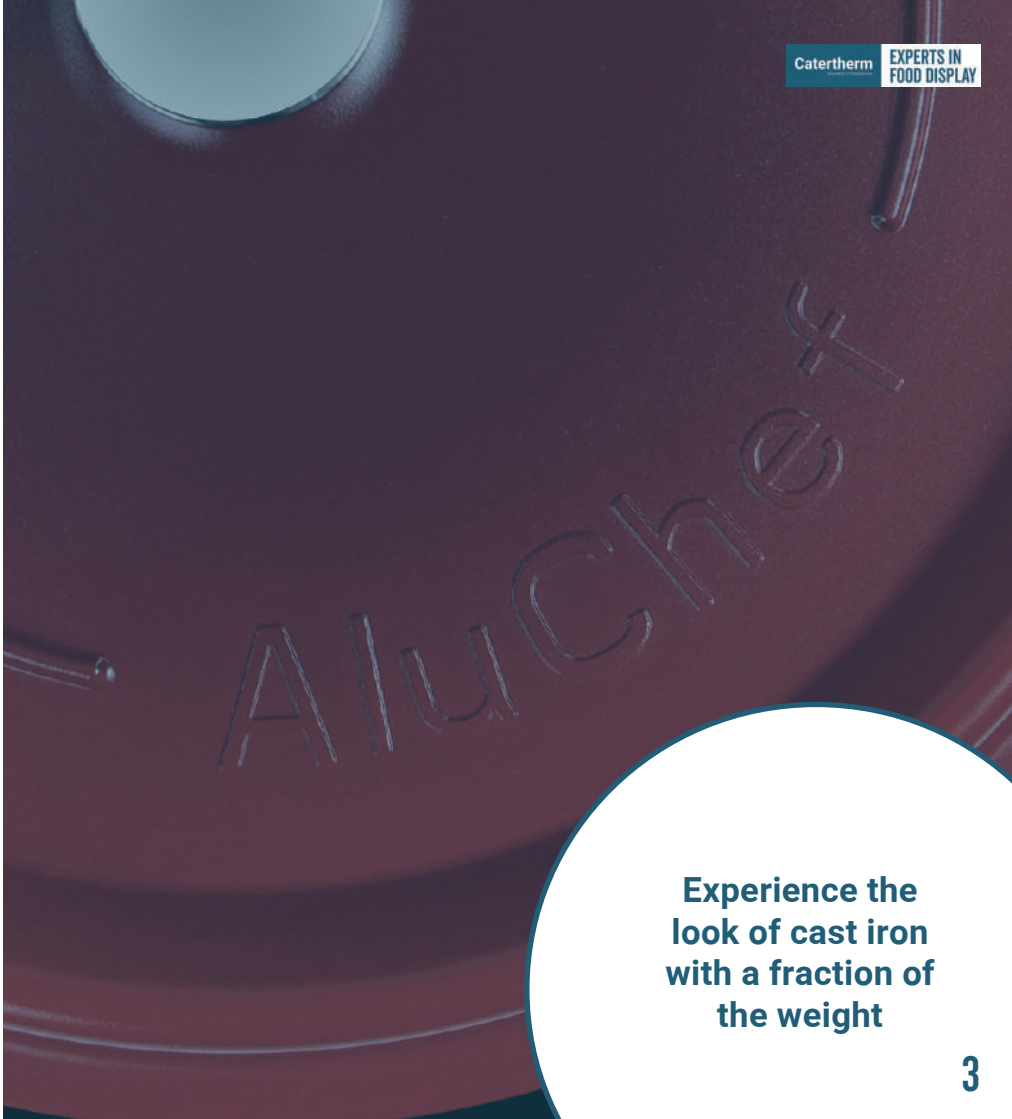
AluChef is a high-performance, lightweight cast aluminium cookware range

Designed for busy kitchens of all types, just ¼ the weight of traditional cast iron

Ceramic interior coating which is PFAS & PTFE-free; safe for professional kitchens

Outstanding scratch & stain resistant, non-stick surface for seamless cooking & cleaning

AluShield exterior coating withstanding up to 320°C, safe for high-heat cooking



Experience the look of cast iron with a fraction of the weight

Compatible with
all induction &
display plates for
seamless service

GASTRONORM GN1/1 PAN

YOUR PROFESSIONAL BUFFET MADE EASY

- Lightweight cast aluminium GN1/1 pan Ideal for professional buffets & catering
- Ceramic interior coating is PFAS and PTFE-free for easy cooking and cleaning
- Commercial dishwasher safe
- Compatible with induction, ovens & all cooktops
- Works with the Glass Lid & the Pan Divider for flexible catering set ups
- Part of AluChef Gastronorm range

GASTRONORM PAN DIVIDER

FOR MULTIPLE CHOICE BUFFETS

Water-tight sealing	Food-grade coated steel & silicone	200°C heat resistant

- The removable, watertight divider fits the Gastronorm GN1/1 pan for flexible serving
- Space-efficient single size makes for easy back-of-house storage
- Ideal for corporate catering & canapés, serve multiple items or smaller buffets
- Durable & safe: food-grade steel & silicone, dishwasher safe, up to 200°C

COOK & SERVE DISHES

Works perfectly with our Hot & Cold Plates

HIGH DURABILITY NON-STICK CERAMIC INTERIOR COATING

Pure & safe	Superior non-stick	Resistant & durable	Easy to clean	Eco-conscious
PFAS & PTFE-free ceramic interior	Easy food release, minimal oil or fat needed	Scratch & stain-resistant for daily use	Commercial dishwasher safe & easy to clean	Low-impact manufacturing, supporting sustainability

Cook, transport & serve all in one dish — no need to decant between equipment

Certified for professional kitchens focussed on health-conscious cooking

Superior heat and cold transfer thanks to the cast aluminium design

ALUSHIELD

ADVANCED ORGANIC SILICONE ENAMEL EXTERNAL COATING

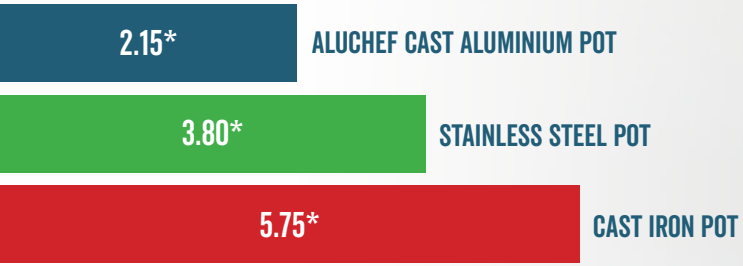
Best-in-market heat performance	Superior non-stick results	Exceptional durability	Comprehensive substrate protection
Withstands up to 320°C without cracking or emissions	Advanced silicone matrix ensures easy release & faster cleaning	Resists salts, oils & detergents for long-lasting performance	Shields aluminium from corrosion & oxidation

Kitchen staff benefit from a quicker clean-up

ULTRA-LIGHT COOKWARE

NEVER STRUGGLE WITH HEAVY COOKWARE AGAIN

- Lightweight & versatile. Easy to lift, carry & transport
- Significantly lighter than steel or cast iron alternatives
- Ideal for all foodservice areas
- Stackable, saving space
- High performance without compromising on strength or durability



*Weight in kg. 28cm pot with lid

VERSATILITY

FROM STOVE-TOP TO OVEN WITH EASE

- 6.8 mm aluminium body ensures fast & even cooking across all heat sources (including induction)
- Durable ceramic coating offers excellent non-stick performance & abrasion resistance
- Versatile design, suitable for stove top & oven use

MINIATURE CASSEROLE POTS

SHOWCASE INDIVIDUAL MEALS WITH LIGHTWEIGHT POTS

- Stylish miniature casserole pots for serving various dishes
- Great for individual servings at buffets or catering events
- Available in a selection of colours
- Perfect for baked eggs, garlic prawns, soups, potatoes and sauces
- Made from premium cast aluminium with a non-stick surface
- Coated with durable silicone enamel for lasting quality

The 11cm miniature is the only one not induction compatible
