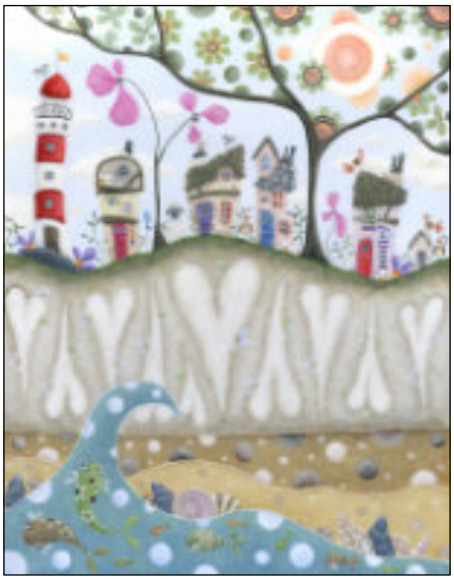
Veronika Pock - Artist



About Me

Welcome to my collection of artwork and cards that I have created over the past 10 years. As a self-taught artist without any formal training, I have had such a wonderful journey developing my own quirky little style.

My paintings are filled with love and joy and often described as enchanting. I like to incorporate positive messages and feelings of love and happiness. I am also constantly inspired by nature and its many colours and representations. A lot of my art has hidden messages and woodland animals that pop up and surprise you when you least expect it. There is always something hiding somewhere. I love to listen to my customers reactions and thoughts and I am often influenced by their ideas for new pictures. This has allowed me to continually push and develop my art as a journey of discovery whilst enhancing my unique style of art.

I am always bursting with new ideas and am happiest with a paintbrush in my hand, and an idea waiting to be put to life on a blank board. I find my art constantly evolves as I try to incorporate new techniques and subjects.

I count myself very lucky and fortunate to turn my passions into a product appreciated by people from all walks of life. I hope you will enjoy the designs in this brochure as much as I enjoyed creating them.

Thank you .....Roni
