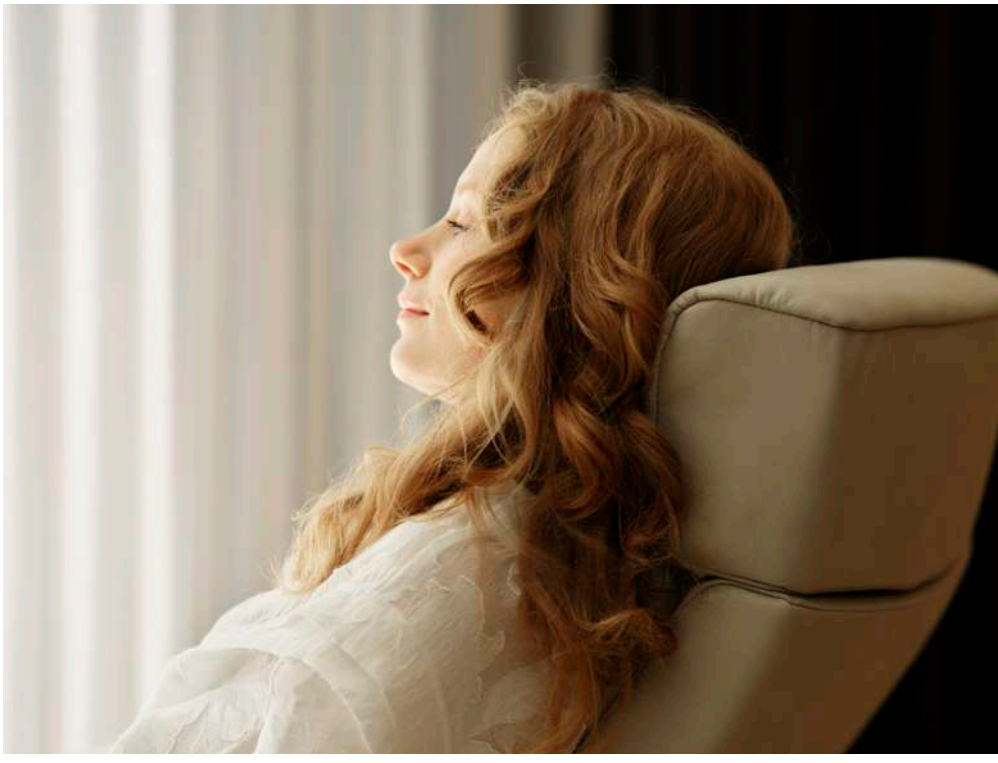
# Stressless® furniture is developed to follow the body's natural motion – designed to look as good as it feels in your home.

If you have ever owned a truly comfortable piece of furniture you know that it becomes the most popular place in the home. This is where you retreat after a long day at work, or spend that deservedly lazy morning. It is where you read, watch tv, chat and even put in some home office hours. With that in mind, it is good to know that Stressless® furniture adapts to your body and moves with you, taking care of your body's need for natural motion. It's a love affair.

**COMFORT TECHNOLOGY**

Page 106 gives you an overview of all comfort features, crafted with care and precision to ensure the outstanding comfort that makes Stressless® furniture truly unique.



# Refined Scandinavian aesthetic

At Stressless®, our design is inspired by the Norwegian landscape that surrounds us. Soft curves and natural materials create furniture that feels grounded in nature and deeply rooted in our culture. This is Scandinavian aesthetics—calm, honest, and timeless.

We design furniture to last, in both quality and timeless expression. That is why we focus on responsible materials and thoughtful production, creating pieces meant to be lived with for a lifetime.

The Stressless® Original from 1971, the first Stressless® recliner designed and produced in Sykkylven, Norway.

STRESSLESS®
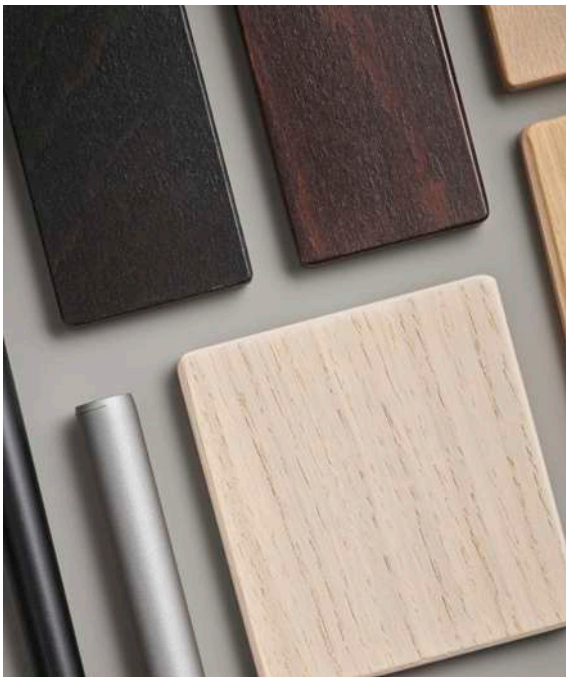
SOFA FACTORY

# A natural choice for us and our enviroment

At Stressless® we are proud caretakers of the beautiful scenery that surrounds the factory in Norway. We wholeheartedly believe the best choice you can make is to furnish your home with high quality furniture that will last a lifetime. In addition to this, we are delighted to offer products that are made with extra focus on the environment and sustainability – both in our choice of materials and in our production.

# Our colour, material & finish collection

Texture, colour and natural materials come together to create depth, warmth and character. This season's collection blends high-texture fabrics, rich bouclés and soft weaves with both timeless neutrals and bolder trend shades. New fabric Marigold adds softness, tactility and visual interest, while colours inspired by nature and the catwalk—from earthy sands and ochres to emerald, and terracotta—bring life without overpowering. Paired with our carefully selected wood and metal finishes, the result is a cohesive collection that feels both contemporary and timeless, calm yet expressive.



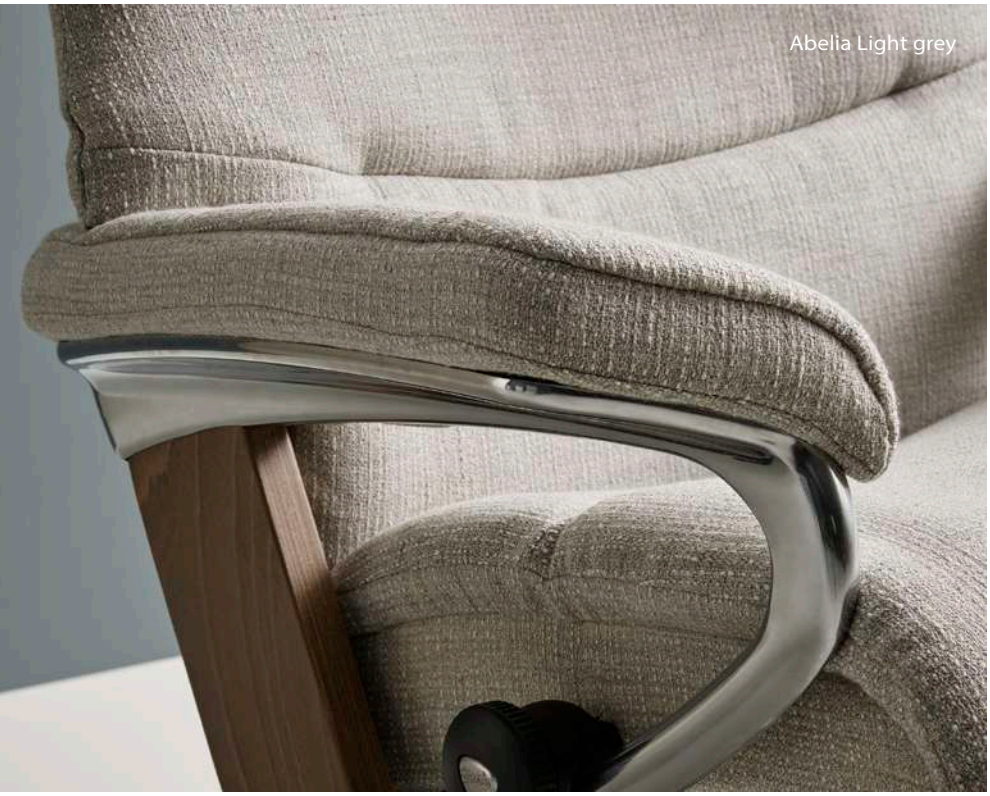
Our vast Stressless® fabric collection is inspired by nature – offering you the possibility of creating a calm breathing space in the comfort of your own home.

Our leather & Fabric collection has been curated and hand picked with quality, sustainability and longevity in mind.

Marigold Light green

Marigold is a rich bouclé fabric, perfect for adding a cosy and inviting feel to your home. Featuring a looped yarn that is tightly woven, elevated and smart, Marigold adds texture and tactility with a soft, warm finish.

Throughout the catalogue, you'll find a selection from our fabrics and leathers collection, carefully curated and crafted to elevate every space with quiet sophistication.



Abelia Light grey

Celebrated for its softness and luxurious texture, Abelia is a woven, textured fabric with a heavy, structured weave. This wool material is naturally warm and hypoallergenic, ensuring long-lasting, enduring style with a plush feel.

Marigold Teal blue

Holly Light Beige

With a natural premium structure and elegant heavy weave, Holly ticks all the boxes for high end living. With a stately feel and soft handle, this textured fabric instantly injects an element of grandeur.

Noblesse Leather

# The Stressless® Berlin, and Tokyo offer a nod to mid century design and urban architecture.

Our Urban collection also unites in offering two different back options: high back and an adjustable headrest. You can see the different options to the left. The high back models offer all the Stressless® comfort features for personal relaxation, while the height adjustable designs allow you to increase the length of the back by up to 10 cm, offering true personal comfort contained within iconic good looks.

## Stressless® Berlin

Stressless® Berlin has a retro vibe that has withstood the test of time for decades, while the sleek outline gives it a modern edge. On the inside, you will find all the classic Stressless® comfort technologies. It is available as both high and adjustable headrest, and the matching footstool gives your feet some well-deserved comfort. This model is available with standard height or with a higher base. (+4 cm seat height and height).

Noblesse is our most exclusive leather quality. A full-grain semi-aniline, with natural softness and lustre.

## Stressless® Tokyo

Embracing comfort. Stressless® Tokyo has a slim back with a comfortable and soft padded cushion. Add the well known Stressless® features and you get a modern looking recliner with sublime comfort. It is available as both high and adjustable headrest, and the matching footstool gives your feet some well-deserved comfort. (+4 cm seat height and height).

All our Stressless Urban recliners come with either a high back or adjustable headrest.

# Choose between three different bases on our Stressless® Urban recliners

Have you noticed how the base can transform the look of a recliner? The models in our Urban series can be paired with either the Star base or the Cross base, in two different heights. If you want to pair versatility with style, go for the Home office base. All versions offer the comfortable functionalities of a true Stressless® recliner.

After taking a seat in a Stressless® recliner, you may find yourself pondering: What makes it so much more comfortable? The main reason is the level of attention it pays to how your body works, from head to toe through comfort technologies and unique features.

A sustainable choice that with proper care will last for generations. Add to that the joy that stems from freedom of choice, when you get to pick the design, size, colour and texture of your ideal recliner, and you may have found your answer.

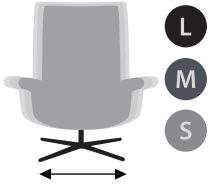
# We all come in different shapes and sizes, and our tastes in interior design differ. That's why most of our Stressless® recliners are available in a variety of dimensions.

Choose from wider and slightly taller to smaller and slimmer. A large selection of bases with different designs and functionality allows you to personalize your recliner further. Choose Classic Power base and you can convert most of our recliners to a power recliner allowing you the Stressless® Comfort at the touch of a button.

## Stressless® Consul

Everybody deserves a soft place to land. Stressless® Consul is a classic recliner. It fits easily into any home and will always give you a warm welcome. Like all other Stressless® recliners it contains the world renowned Stressless® functionality allowing you to become one with the chair the minute you sit down.



## Stressless® David

Stressless® David is a versatile recliner with a lot of character: Soft, yet neat, with a distinctive pattern in the back that hints to traditional origami techniques. The combination of Flexo-springs, ComfortZones™ and multiple layers of soft foam is your guarantee for the ultimate comfort experience. The choice of bases lets you adapt the recliner to both modern and traditional interiors.

# Stressless® Mayfair

Elegant and laidback, Stressless® Mayfair has the classic Stressless® look. Its cushioning is extra supple and comfortable, and contributes to making this one of our top sellers. A classic look bursting with state of the art comfort technology makes this an excellent representative of the renowned Stressless® comfort.

Our tallest recliner as of today. Perfect for those who need some extra length in the back.

# Stressless® Paul

Stressless® Paul has an innovative height-adjustable headrest integrated into the backrest, which allows it to be raised seamlessly without gaps. The headrest can be lengthened by up to 7 cm, making it our tallest recliner in this series to date. A wing-shaped back with extra padding on the sides plus covered armrests provide the comfortable feeling of being hugged whilst sitting, alongside a smile-shaped seat that allows you to really sink into the chair. Stressless® Paul is visually appealing, with curved lines, exclusive premium detail piping and extra foam added on the sides of the backrest. The sumptuous headrest cushion offers perfect support for both the head and neck.

# Stressless® Philip

Stressless® Philip features a tall backrest that will appeal to those looking for high back support. With a modern, wing back design, the backrest also offers more curvature than other models, tapered to embrace your body for an enhanced sitting experience. Crafted with light and airy qualities, Stressless® Philip combines characteristic stitching to enhance its soft shape with an open armrest, allowing its organic shape to be appreciated from all angles. With extra cushioning and defined piping, this recliner embodies all the premium details you have come to expect from a Stressless® design and is sure to be a cherished piece in your home. Designed to be enjoyed and passed down to future generations to come.

**Stressless® Philip Cross**
Holly Light beige / Walnut / Matt black

## Stressless® Reno

The over pads filled with soft foam and height adjustable neck support has made the Stressless® Reno into one of our all-time favourites. It has become the symbol of what a great recliner should be; a comfortable, thought through and durable piece of furniture which gives you that great Stressless® experience year after year. The comfortable neck rest can be adjusted up to 10 cm to support users that need that extra bit of length.

# All our manual Stressless® recliners have a matching footstool with a built-in sliding function. Taking your comfort to another level.

A Stressless® free-standing footstool is the perfect partner for our chairs and sofas. Why? Well, this isn't your traditional, static footstool. All Stressless® furniture is based on research into human anatomy, and we found that when you lean back in a recliner, your legs move forwards and down, for a more relaxed angle of the ankle. Most traditional, flat footstools do not support this sitting position, giving you the freedom to move whilst staying completely supported and making the world's most comfortable recliner even better.

## Stressless® View

Soft and timeless. The Stressless® View has ample cushioning, while retaining a timeless and modern cushion design with sleek contours. Fitted with a longer and slimmer backrest, this recliner is great for those of us who need some extra length in the back. It also has an elegant and comfortable neck support which can be adapted to users of different heights.

**Stressless® Magic Signature**

## Stressless® Magic

We dare to say it; Stressless® Magic is our softest chair. We designed this chair with one thing in mind: Absolute comfort. Nothing has been spared on achieving this. The magic lies in the shape of the seat and back, which literally envelopes you and gives your body support in all the right places. The comfortable neck rest can be adjusted up to 10 cm to support users with a longer back.

# Our Stressless® Classic models have five different bases to choose from. You can even "power" up your model by choosing the Classic Power version.

A large selection of bases with different designs and functionality allows you to personalise your recliner further. We have included a full overview of the many possibilities on the last pages of this catalogue.

# Build your comfort place

Your interior design has an impact on your sense of well-being, and on the mood of those around you. Whether it is playful, elegant or bold, there is a Stressless® sofa design that fits seamlessly into the atmosphere you want to create. In addition, every Stressless® sofa can be customised with your choice of materials, colours and details.

But looks are just the start of your journey towards ultimate home comfort. Beneath the surface, a Stressless® sofa is built on decades of research into the best possible sitting experience. It involves far more than a comfortable seat – it adapts and moves with you, offering support exactly where it's needed.

## Stressless® Anna

The headrest, whether it be manual or motorised, adds to the overall relaxation experience of the Stressless® Anna, which rivals that of a true Stressless® recliner. You can also choose from three different armrests to cater to different tastes and needs – a wooden armrest for lovers of Nordic design, and two classic upholstered armrests that will fit into any interior.

When fully extended, it provides a highly elevated position of the legs, distributing the weight more evenly for maximum relaxation.

The discreet control panel is placed on the side of the seat cushion.

Additionally, the Stressless® Anna sofa is available with several leg options, allowing you to customise it to your preference. The best part? The sofa looks like a regular sofa when the footrest isn't extended, making it stand out from its competitors.

Seat modules, with and without Power, Corner, LongSeat, Centre module or End modules can be combined to create the sofa that best fits your home and needs.

The control panels are seamlessly integrated on the side of the seat cushion, giving you effortless adjustment of the headrest, backrest, and footrest for optimal comfort.

## Stressless® Emily

Sleek lines and a streamlined silhouette give Stressless® Emily a clean, modern look that signals confidence and style. The contemporary design blends well with any modern interior. The soft cushions ooze with luxury and invite you into the comfort zone of your home. It is one of our Stressless® Power™ sofas, which means you can easily adjust the seating position with the control panel for perfect relaxation. We offer a range of different designs and modules which makes it easy to configure the perfect sofa for you.

You can lower it for a sleek low-back sofa with perfect back support for sitting, or adjust the angle and height of the headrest for extra support to your head and neck. Put your feet up on the LongSeat module with leg support and adjustable headrest or choose a Power™ seat to get an adjustable headrest and footrest. It is customisable to your every whim.

Stressless® Emily also offers a large choice of high-quality leather and fabrics, and the choice between three versions of the armrests: Emily Steel and Emily Wood have slim armrests with elegant details in steel or wood, while Emily Wide has distinct upholstered armrests with luxuriously large proportions.

Stressless® Emily is a modular sofa system. Seat modules, with or without Power, corner, two sizes of LongSeats, centre modules or end modules can be combined to create the sofa of your dreams.

Paloma Fog / Polished Metal

All chairs with the castor base have swivel and height adjustment as standard.

The recliner models feature a base in black metal with wood detail in the same finish as your chosen armrest, available in 8 different wood finishes.

By choosing a Stressless® Home Office recliner that blends in design-wise, composing a stylish home office is effortless. The large choice of covers makes it easy to match or contrast against the rest of your interior. The base is available in matte black finish with the same choice of wood colours as on the regular recliner.

The ultimate sensation of comfort is individual and personal to everyone. Because we all have different needs, we encourage you to take our Stressless® Comfort Test™ to find the size and model that fits you best. We guarantee this will be time well spent. After all, a Stressless® recliner is an investment you will enjoy for many years to come.

## The Comfort Test

- Does the recliner feel stable and safe?
- Are the height and width of the chair right for you?
- Do you find it easy to adjust the chair to your preferences?
- Does the chair provide good lumbar support in all positions?
- Is your head supported comfortably as you recline to read or watch TV?
- Can you adjust the headrest so that it lays flat when you recline?
- Do you have the feeling that the backrest reclines sufficiently?
- Do you have a comfortable and relaxing angle on the leg support?
- Can you position the leg rest according to your preferences?
- Are you aware of how your entire body relaxes?

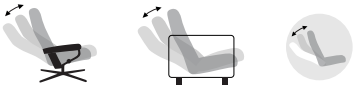
Find a store close to you if you are not already in a Stressless® recliner!

# Comfort Technology

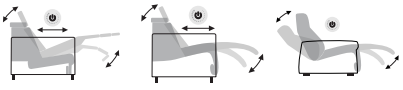
At the heart of Stressless® technology is a portfolio of patented comfort systems working in harmony to support the body with exceptional precision. From the gentle responsiveness of BalanceAdapt™ to the intuitive Plus™ system, Power adjustments, and engineered ComfortZones™, each innovation is designed to elevate comfort and redefine how furniture responds to you.

Designed and developed in Norway, Stressless® furniture reflects advanced engineering and meticulous manufacturing. Using a combination of skilled craftsmanship and state-of-the-art automation—including industrial robots—we precisely shape, mould, finish, and assemble every component. From proprietary foam to final assembly, each step is carefully controlled to ensure lasting comfort, quality, and performance.

With quality materials, environmentally friendly processes, and an uncompromising focus on comfort, our machines and people work together to create furniture that, with proper care, will live with you for a lifetime.



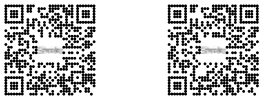
**PLUS™ -SYSTEM**
Whether you are sitting or lying down, our unique Plus™-system provides optimal comfort and support for the lower back and head, in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.



**POWER**
Power is easily operated by the remote control. The motorized functions offer truly outstanding comfort in all positions, small adjustments can make a big difference.

Stressless® POWER

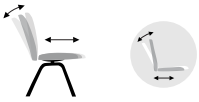
**BALANCE ADAPT™**
Subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.



**ZERO GRAVITY POSITION**
Zero Gravity Position - raises your legs above heart level for increased relaxation, providing several health benefits.

**ADJUSTABLE HEADREST**
Integrated height-adjustable headrest adds extra back height when required.

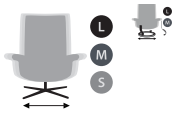
**COMFORT ZONES™**
Comfort Zones are designed to let the body sink into the furniture just the right amount, creating a softer, more supportive sitting experience. Whether achieved through perforated channels inside the seat cushion or through shaped indentations in the seat and back, both versions create areas that gently give way under pressure. This results in enhanced softness, better body contouring, and improved ergonomic support—so you can enjoy comfort that adapts naturally to you.



**BALANCE&GLIDE™**
Our dining chairs have a flexible seat and back, offering a variety of positions for increased comfort. This comfort enables you to maximise your quality time with friends and family.

**360° SWIVEL**

**CLASSIC POWER**
With a light pressure at the control panel, Power adjusts both the footrest and the back angle. This combination provides superb support and comfort.



**SIZE**
Optimal comfort is also about correct size. Most of our classic recliners therefore come in small, medium and large, for you to find your perfect fit.

**SIZE URBAN COLLECTION**
Optimal comfort is also about unique design options. Our Urban models come in 2 different back options, - Adjustable and High back.

# Stressless® Home Cinema

You move more than 300 times during the length of a movie. This might sound exhausting, but don't despair – Stressless® seating is designed to adjust to your every movement. The spacious, soft seats of your Stressless® Home Cinema seating, combined with a Stressless® ottoman, ensure an optimal movie experience.

Regardless of how much space you have available for your home cinema setup, our ingenious flexible modular designs ensure that there's always space for a Stressless® sofa.

The Stressless® Sector (SC) / Sector Arm (SCA) is upholstered in the same way as the sofa and conceals a storage space beneath the top. The Sector / Sector Arm also functions as an armrest, which is why setups with Sector/ Sector Arm tables should be treated as a single, fixed unit.

# Available Stressless® Fabric & Leather qualities

As a leading premium furniture manufacturer, we take responsibility seriously. Our leather complies with animal welfare, health, safety, and environmental standards. All upholstery fabrics meet or exceed mobelfakta.no Hard Wear requirements, passing international tests for durability, light fastness, pilling resistance, fire safety, and colour fastness. For full fabric specifications, visit stressless.com.

**ABELIA** is a luxurious wool blend, woven with many different yarn types to offer a finish with depth and structure.
**Composition:** 96% wool, 4% polyamid.
**Durability (Martindale):** 60,000.
**Light fastness:** 5.

**CALIDO** is a wool fabric with an exclusive look and feels comfortable and soft next to your skin. The fabric is available in a diverse and exclusive colour palette. Wool is a natural fibre that breathes, making it feel warm when it is cold and cool when it is hot.
**Composition:** 80% wool, 20% polyamide.
**Durability (Martindale):** 80,000.
**Light fastness: 5**.

**CLOVER** Wool is a natural fibre that breathes, making it feel warm when it is cold and cool when it is hot. The fabric feels soft and cosy, perfect for creating a classic, warm and inviting interior.
**Composition:** 70% wool, 30% viscose.
**Durability (Martindale):** 62,000.
**Light fastness:** 4–5.

**HOLLY** Inspired by nature, Holly is a strong, durable, heavyweight fabric made with a high share of natural, recycled materials.
**Composition:** 45% wool, 30% cotton, 10% polyamide, 10% polyester, 5% polyacryl – recycled fibres in wool and cotton.
**Durability (Martindale)**: 100,000.
**Light fastness:** 5.

**MARIGOLD** is a Textured Italian wool-blend that is soft, strong, and elegant. Marigold is a rich bouclé fabric that elevates every home.
**Composition:** 28% cotton, 25% polyacryl, 19% viscose,16% polyester, 12% wool.
**Durability (Martindale)** 90 000
**Light Fastness:** 5.

**PEONY** is a classic wool fabric available in soft neutral colours. The small herringbone pattern provides a classic yet modern look, creating a warm atmosphere of quality and timeless design.
**Composition:** 70% wool, 30% viscose.
**Durability (Martindale):** 80 000.
**Light fastness:** 5–7.

**BATICK LEATHER** is a corrected, pigment-improved and grain-embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time with use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

**NOBLESSE LEATHER** is the most exclusive leather quality offered by Ekornes. It is a full grain semi-aniline, which means that it is dyed all the way through and has only a thin protective topcoat. This allows the leather to keep the natural softness and lustre that characterises a first-class furniture leather.

**PALOMA LEATHER** is a slightly corrected leather with a combination of dyes and pigments that smoothes some of the leather's structure (grain pattern). However, the grain structure of Paloma may vary slightly at some parts of the furniture, and minor colour nuances may also occur. Natural marks, scars and insect bites remain and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy-duty quality and protection as Batick. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

**VELARO LEATHER** is a sophisticated, elegant leather with a natural finish and a silky touch. It is dyed through, with a natural surface that is only slightly corrected and lightly coated. Although robust, this leather remains very soft and sumptuous to the touch.

# Stressless® Leather and Fabric Care kits

We offer our own leather and fabric (including microfibre) care kits to match the high quality of our furniture.

Register your guarantee on the Stressless® website for 50% off a Stressless® care kit.

The Stressless® Leather Care kit (medium/large) contains a leather cleaner and protection cream. Stressless® Leather Care Wipes are also available. For maintenance, and to make the leather more resistant to stains, the protective cream should be applied to all your recliner's leather surfaces when new. We recommend that you clean the leather with Stressless® leather cleaner at least once every six months to keep your leather looking its best, removing stains regularly and ensuring long leather life. Always apply the protective cream after cleaning.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and an Ox cleaner. This kit contains everything you need to clean your furniture in minutes without removing the fabric cover. For resistant stains, use the fabric cleaner together with the stain remover and Ox cleaner.

These are the only cleaning products recommended by Stressless®. We accept no responsibility if cleaning products other than those recommended by Stressless® are used and cause damage to the leather.

Fabric care: Vacuum regularly and wipe the surface with a damp cloth as needed. Remove spills immediately.
Leather care: Maintain surface appearance and texture by gently wiping your leather once a week with a clean dry cloth or vacuum with a soft brush.

# Stressless® base colours and finishes

Wood is a living, expressive material that brings warmth, depth and individuality to every piece of furniture. Its natural variations in colour, grain and texture are not just signs of authenticity – they are what make each product truly unique. By combining carefully selected wood qualities and a rich palette of colours, we highlight the beauty of natural materials while ensuring a harmonious and consistent look across our collection.

## STANDARD WOOD COLLECTION

Our standard wood collection is crafted from carefully selected beech, a strong and versatile wood known for its lively grain and natural variation. Offered in eight beautiful finishes, it allows you to choose the expression that best complements your interior while highlighting the character of this timeless material.

*All wood used in Stressless products are FSC™-certified*

## STRESSLESS® FABRICS, LEATHERS & WOOD CERTIFICATIONS

OEKO-TEX® certifies that textiles are free from harmful chemicals. Every component has been tested to ensure it's safe for your health and skin, including for babies and sensitive skin.

The EU Ecolabel certifies that textile products meet high environmental standards throughout their lifecycle—from production to disposal. It ensures reduced water and air pollution, limited use of hazardous substances, and better durability, while also being safe for your health.

We are a member of The Leather Working Group (LWG). It is a certification that promotes environmental best practices in the leather industry. It ensures leather is produced with reduced environmental impact through responsible water and energy use, proper waste management, and traceability throughout the supply chain.

FSC™ (Forest Stewardship Council™) certification ensures that wood and paper products come from responsibly managed forests that protect biodiversity, support local communities, and promote sustainable forestry practices for future generations.

10 YEAR GUARANTEE

**10-year internal mechanism & construction guarantee**
We guarantee the internal mechanism and construction of our recliners and sofas for a period of 10 years from the date of initial delivery to the consumer. The 10-year guarantee covers the mechanical functions in the recliner/sofa. The 10-year guarantee covers the internal framework of steel and/or wood, including the metal springs. The 10-year guarantee does not cover damage to leather, fabric, woodwork or any faults or damage caused by the use of the product other than in accordance with the manufacturer's recommendations, as well as any faults or damage arising from any repairs made by any persons not authorized by the manufacturer or use of non-original parts. Some natural settlement and indention in the padding and foam is considered normal and is part of a break-in process.

5 YEAR GUARANTEE

**We guarantee all electrical parts and motor on the Power™ system** for a period of 5 years from the date of initial delivery to the consumer. The battery is not included in the 5-year guarantee.

**2 YEAR GUARANTEE** on Power Batteries.
