FUTURE FORCE CAPABILITIES
CONFERENCE & EXHIBITION

June 8 – 10, 2026 Las Vegas, NV

NDIA, in partnership with WAR Inc, has secured a range that offers flexibility in its capabilities. We are gathering information on the types of weapon systems and ammunition your company would like to demonstrate at the 2026 Future Force Capabilities Conference. The range day will take place on Wednesday, June 10, following the conclusion of the conference at Caesars Forum in Las Vegas, NV.

As we present the submitted weapon systems and ammunition to our range partner, we may have additional questions and may reach out to you for direct coordination with the property to ensure your requirements can be met.

Please submit your application by May 22, 2026. If the application is received after this date, we may not be able to accommodate your request.
