6
7
8
9
10

CapEx

- High initial cost for software, hardware, and facilities
- Recurring maintenance costs

OpEx

- Lower setup cost
- Predictable recurring subscription fees

2 HOW MUCH CONTROL DO YOU NEED?

In-house

- Total control
- Freedom to schedule and perform all updates and upgrades

Service provider

- Less control, but less work for your IT staff
- More frequent updates and upgrades

3 WHAT ARE YOUR SCALABILITY NEEDS?

Predetermined

- Static capacity
- Limited resources during an emergency

Flexibility

- Greater flexibility and responsiveness
- Ability to scale up or down as needed

4 WHAT ARE YOUR SECURITY RESOURCES?

Internal investments

- In-house IT resources
- Proper knowledge and training crucial to effectively manage security needs

Outlook
Good

External investments

- Service providers
- Benefits from investments of large enterprises
- World-class security for agencies of all sizes

5 WHAT'S YOUR IMPLEMENTATION TYPE?

Tailored solutions

- Extensive customization and integrations

- Longer deployment time
