ABOUT ME

My name is Stuart and I am a landscape photographer based in Edinburgh.

After working as a Graphic Designer for twenty years, I decided in 2020 to create my own business selling my photography as prints, greeting cards, magnets and calendars.

I have always loved exploring Scotland's epic landscapes, ruined castles and cobbled old towns. Through my unique photography style, I try to capture the magical and unforgettable feeling one has when seeing these stunning locations for the first time.
