

2026 ACMG Annual Clinical Genetics Meeting  
Baltimore, MD, March 10 – 14, 2026

**Claiming Educational Credits**

**Deadline to Claim:** May 1, 2026

**Certificate Types & Available Credit Hours**

Certification	Eligibility	Credits
CME (AMA)   CME (Other)	MDs, DOs   Other healthcare professionals (CBGCs follow this path)	26
NSGC	NSGC Genetic Counselors Only	28

**How to Claim Your Credits**

**Access the Evaluation Site**

- **ACMG Meeting App:** Navigate to "Claim Credits."
- **ACMG Meeting Website:** [acmgmeeting.net](http://acmgmeeting.net) > "Claim Credits" under the Program tab.

**Steps to Claim Credit**

1. **Log In:** Enter email and registration number.
2. **Select Primary Designation** and continue.
3. **Evaluate Sessions:** Click "Evaluate" and complete for each session attended.
4. **Claim Credit:** Select full or partial credit.
5. **Complete Overall Evaluation:** Must be completed to claim credit (available March 14, 12pm ET)
6. **Access Certificate:** Click "My Certificates" to view, print, or email your certificate and transcript.

**Important Reminders**

- **Deadline:** May 1, 2026.
- **Late Fee:** Claims after May 1 will incur a \$40 processing fee.
- **NSGC CEUs:** Provide NSGC User ID.
- **CBGC Credit:** Follow CME Other path.
- **Required:** Complete Overall Meeting Evaluation for certificates.

Tuesday, March 10	Session Title	Credits
12:30 pm – 5:00 pm	Genetic Therapies Bootcamp: Foundations, Frontiers, and Clinical Engagement (Additional Registration Fee)	4.0
	Medical Genetics in Ophthalmology: Through the Lens of Genetics-Informed Therapies (Additional Registration Fee)	
1:30pm – 3:00 pm	Beyond Uncertainty: Using Functional Assays for Clinical Variant Classification	[2.0]
5:15 pm – 7:00 pm	Pre-meeting Joint Closing Address: The Evolution of Gene Therapy — Milestones, Challenges, and Future Directions; Networking Reception to Follow(Additional Registration Fee)	0.5
Wednesday, March 11	Session Title	Credits
8:00 am – 9:30 am	Early Genetics Trainee Forum: Mastering the Challenges of Diagnosing and Managing Overgrowth, Connective Tissue, and Mitochondrial Disorders	1.5
10:00 am – 12:00 pm	2026 ACMG Foundation Awards and Presidential Plenary Session- The Future of Expanded Newborn Genomic Screening: Promise and Practice	1.5
1:30 pm – 3:00 pm	The New Era of Genomic Oncology: Technology, Complexity, and Clinical Impact	1.5
	Genetic Counselor Forum - Consanguinity: Counseling, Laboratory and Ethical Considerations in the Genomic Era <b>ACMG-Designated Ethics Credit</b>	
	When The Trial Ends Early: Perspectives on Premature Clinical Trial Closures in Rare Disease Therapeutics <b>ACMG-Designated Ethics Credit</b>	
3:30 pm – 5:00 pm	Uniting Science, Standards, and Policy: Collaborative Approaches for Accelerating Pharmacogenomics Adoption	1.5
	Polygenic Scores and Embryo Screening: Navigating the Clinical and Ethical Applications <b>ACMG-Designated Ethics Credit</b>	
	Dilemmas of Omic Technologies for Molecular Diagnosis of Rare Disease <b>ACMG-Designated Ethics Credit</b>	

2026 ACMG Annual Clinical Genetics Meeting  
Baltimore, MD, March 10 – 14, 2026

	False Positives in Biochemical Genetics: Challenges and Cautionary Tales	
	Cardinal Signs	
	Leading the Field, Coming Out in Front	
<b>Thursday, March 12</b>	<b>Session Title</b>	<b>Credits</b>
8:00 am – 9:00 am	Featured Platform Presentations	1
9:00 am – 10:00 am	TED-style Talks – Advancing Genomics Engagement	1
10:30 am – 11:30 am	Poster Presentations Odd numbers	[1 NSGC]
1:30 pm – 3:00 pm	Non-invasive fetal sequencing (NIFS) is coming: Are you ready?	1.5
	Advances in Genomics with AI: From Patient Selection to Variant Analysis and Beyond <b>ACMG-Designated Ethics Credit</b>	
	Do Not Miss Treatable Inborn Errors of Metabolism	
4:00 pm – 5:30 pm	Beyond the Genetics Clinic: Frontline Perspectives on Integrating Genomics in Specialty Care	1.5
	Platform Presentations <ul style="list-style-type: none"> <li>Platform 1- Hereditary Cancer and Adult Genetics</li> <li>Platform 2 - Biochemical/Metabolic</li> <li>Platform 3 - Integrative Genomics and Translational Discovery</li> <li>Platform 4 - Genomic Analysis Tools and Workforce</li> </ul>	
	The Laws of the Ring: Diagnostic Algorithm, Formation Mechanisms, and Clinical Consequences	
<b>Friday, March 13</b>	<b>Session Title</b>	<b>Credits</b>
8:00 am – 9:30 am	Clonal Hematopoiesis, Somatic and Post-Zygotic Mosaicism in Multigene Cancer Testing for Geneticists	1.5
	Beyond The List – Scope and Implementation of ACMG Secondary Findings <b>ACMG-Designated Ethics Credit</b>	
	Hot Topics in Washington, DC and Impacts to Medical Genetics <b>ACMG-Designated Ethics Credit</b>	
	Diagnostic Dilemmas from the Undiagnosed Diseases Network	
10:30 am – 11:30 am	Poster Presentations Even numbers	[1 NSGC]
1:30 pm – 3:00 pm	Demystifying Neurology in Genetic Diagnosis: A Practical Approach for Geneticists	1.5
	Platform Presentations <ul style="list-style-type: none"> <li>Platform 5 - New Laboratory Techniques (Long read, OGM, RNA, PRS)</li> <li>Platform 6 - Cancer and Aneuploidy</li> <li>Platform 7 - Biochemical/Metabolic</li> <li>Platform 8 - Rapid WGS and Newborn Screening</li> </ul>	
	Gene Therapy in Action: Real-World Implementation in Clinical Genetics	
5:30 pm – 7:00 pm	Laboratory Diagnostic Challenges: Constitutional and Neoplastic Cases in Molecular, Cytogenomic, and Biochemical Genetics Specialties	1.5
	Medical Diagnostic Challenges (Adult and Cancer)	
	Challenge the Experts - Pediatric and Prenatal Diagnostic Dilemmas (rare knowns and unknowns)	
<b>Saturday, March 14</b>	<b>Session Title</b>	<b>Credits</b>
8:00 am – 9:30 am	Bridging Diagnosis and Therapy: The Expanding Role of Somatic Testing in Vascular Anomalies	1.5
	Rewriting the Reference: Laboratory and Clinical Applications of the New Human Pangenome Reference	
	Reproductive Carrier Screening: Is It Time for Whole Genome Testing? <b>ACMG-Designated Ethics Credit</b>	
10:00 am – 12:00 pm	R. Rodney Howell Symposium - Delivering Pharmacogenomics at Scale: Implementation Strategies That Work <b>ACMG-Designated Ethics Credit</b>	2
<b>Total Accredited Educational Hours (NSGC +2)</b>		<b>26</b>
