# CORPORATE SUSTAINABILITY

## Sustaining our environment

We fully recognise that our actions impact upon the environment and since opening in 2005, the Ricoh Arena has undertaken a number of successful projects which mitigates these effects and positively works towards achieving sustainable development.

A £3m renovation project in 2010 enabled significant investment in energy saving equipment to ensure efficient use of the utilities. This included installation of 120 energy meters for monitoring purposes. In 2010-2011 energy usage in these areas was reduced by 33%.

We are aiming to be recycling 100% of waste in 2016 and investigating future projects that include harvesting of rainwater and solar panel use.

# GROUP PARTNERS

The Ricoh Arena and Wasps have an enviable portfolio of Partners and Suppliers. We pride ourselves on aligning with brands that are leaders in high-tech innovation, sustainability and providers of premium products.
