The total group space rate will be calculated (both indoor and outdoor) across the group of venues using the rates detailed above and subject to a minimum of £1,600. In the event that the total group space rate results in the minimum charge of £1,600 then an additional charge of £399 per venue in the group will be made, excluding the first venue in the group. Where such group rates are applied, individual venues within the group will effectively be treated as individual members for the purposes of member benefits, access to association information, website listings etc. | |

VAT will be charged on top of these prices where applicable. Please note venue type is based on the primary use of venue space; please contact info@aev.org.uk for more information.
