

HEALTH AND SAFETY

PURPOSE

Working Group members are responsible for capturing and defining member wants and needs within the areas of health and safety, to express common issues, aims and practices that would be better shared, tackled and discussed as a collective.

The group is ideally placed to provide feedback into other association Working Groups such as; AEV eGuide Working Group, AEV/AEO/ESSA Electrics Technical Committee, AEO Organiser Ops Group and ESSA Stand Builders Forum. Specifically, members of the H&S Working Group are responsible for keeping up-to-date with related legislation, and building relationships with key bodies such as HSE and JACE.

OBJECTIVE

TBC

PARTICIPATION

Membership of this group is open to all AEV members plus a selection of other organisations and individuals recommended by the group. It is aimed at attracting those within an operational or H&S specific role working for event venues, organisers or suppliers.

FREQUENCY & LOCATION

For the course of 2021, the group are going to meet monthly and reviewed as the pandemic guidance evolves. This is to support the group's strategy and prepare for the reopening of events from Q2 onwards.

Gatherings are to be held virtually with the intention to meet face to face at a UK venue location TBD for a full day of collaboration.
