NOEA Council member Andrew McQuillan ,MD of Crowded Space Drones has set up a webinar for NOEA members and Event Organisers

Event Organisers Drone Briefing

This free webinar will bring you up to speed with the NEW drone legislation in the United Kingdom. As part of this new legislation the 150m distance from crowds for drone users was abolished, so knowing how to deal with a drone incident has never been more important.

Director of Operations Andrew Hamilton, who until July 2020 was the Civil Aviation Authority's Drone Unit Lead, will give you a summary of the law changes and what you can do about it in advance of your event.

Apr 30, 2021 02:00 PM
