

ENERGY PROJECTS  
CONFERENCE & EXPO  
NA 2026

16-17 June 2026 | George Brown Convention Centre, Houston

# Frequently Asked Questions

## FOR INVITEES

Questions Your Clients Will Ask

### **Q: Is registration really free?**

A: Yes. Project owners, operators, and EPC professionals who meet the criteria qualify for a complimentary pass. There is no cost to register or attend. Your pass includes full access to all 5 conference tracks, the exhibition floor with 400+ exhibitors, networking events, the 1-2-1 meeting service, and on-site refreshments.

### **Q: Why is the 2026 Energy Projects Conference a must-attend event for me?**

- [I am a project owner / operator](#)
- [I am an EPC](#)

### **Q: Who typically attends the EPC Show?**

A: Over 10,000 energy project professionals attend, with around 40% being project owners/operators or EPCs. Attendees include senior leaders from companies like ExxonMobil, Cheniere Energy, Bechtel, Fluor, Woodside Energy, BASF, Semptra Infrastructure, and many more across LNG, power generation, nuclear, refining, petrochemicals, midstream, pipelines, and CCUS.

### **Q: What's on the agenda?**

A: The show features 5 dedicated conference tracks covering: LNG, nuclear, gas power, petrochemical, refining, and midstream projects, with 250+ speakers including C-suite executives from leading energy and engineering firms. Sessions cover the full project lifecycle – engineering, construction, commissioning, supply chain, and O&M – curated by owner/operator advisory boards.

### **Q: When and where is it?**

A: June 16–17, 2026 at the George R. Brown Convention Center in Houston, Texas.

### **Q: How do I register?**

A: Click the referral link provided by the exhibitor who invited you. This takes you directly to the registration page, where the form takes about 2 minutes to complete.

### **Q: What's included in my complimentary pass?**

A: Full access to both days of the event, including all 5 conference tracks and sessions (250+ speakers), the exhibition floor (400+ exhibitors), networking events and sessions, the 1-2-1 meeting service to schedule face-to-face meetings, all show materials, and on-site refreshments.

### **Q: Can I bring colleagues?**

A: Yes. Each colleague needs to register individually using the same referral link. There is no limit on how many qualifying people from your company can attend using that link.

### **Q: Do I qualify for a complimentary pass?**

A: To qualify, you must be a full-time employee of a project owner, operator, or EPC company actively developing or working on LNG, nuclear, gas power, petrochemical, refining, or midstream projects. All registrations are reviewed, and EPC Show reserves the right to decline any application that does not meet these criteria.

### **Q: What should I expect on the exhibition floor?**

A: Over 400 exhibitors will showcase technology, equipment, and services for major energy projects, including engineering and construction solutions, digital tools, workforce offerings, and supply chain services, helping you find the partners and solutions you need.

### **Q: Can I still attend if I don't meet the complimentary pass criteria?**

A: Yes. If you do not qualify under the project owner/operator/EPC criteria, you may still be able to attend via a paid pass. Details are available on the main registration website.
