

# Spotlight on Southern Co-op: Sustainability uncovered

Gemma Lacey  
Director Sustainability & Communications

# Trading across 11 counties in the south of England

**“meeting the needs of the present without compromising the ability of future generations to meet their own needs”**

The 1.5C temperature "guard rail" could be exceeded in just 12 years, in 2030

The world population is projected to rise by more than one billion within next 15 years

One million animal and plant species are now threatened with extinction

# SUSTAINABLE DEVELOPMENT GOALS

We're continuing  
our support for  
fairtrade ....

southern coop

We're championing local food and drink..

We're tackling carbon emissions...

We're preventing waste  
& using resources wisely...

We're reducing packaging and making it easier to recycle ....

We're enhancing the natural environment...

**We aim to benefit the lives and communities of 1 million local people by 2020 through our Love Your Neighbourhood programme.**

The greatest threat  
to our planet is the  
belief that someone  
else will save it.
