Choose a better way to work

Arbor MIS for Secondary Schools

1 in 3

Schools who switch MIS choose Arbor

Arbor

With Arbor, schools work better

Arbor MIS helps secondary schools of all sizes work more easily and collaboratively, with intuitive tools designed to make a difference.

"Arbor has been a really great exercise in helping us step back and question the way we were doing things, and asking ourselves: "Why do we do that?" and "Can we do things a different way?" For example, parents' evenings used to be this massive deal, but with Arbor, it's easy."

Phil Jones
Head Of Academy Services at Pool Academy

POOL ACADEMY

With over 1,300 schools we're proud to be the UK's fastest-growing MIS.

Designed to make a difference

Our Secondary School MIS is designed to make a measurable improvement to the way you work.

We work closely with schools to make the move to Arbor as pain-free as possible, and we've migrated hundreds of schools 100% remotely. Ultimately we make sure the switch to us is worth it, and drives impact at your school over the long term. Here's what our secondary schools tell us:

"With Arbor we can evidence that we know what's going on with our students and the impact of what we're doing! Arbor made our Ofsted inspection easy – we could quickly create reports and make crib sheets for our staff by quickly drilling down and pulling out trends."

Martyn Essery
COO at The Reach Free School

How Arbor works: Across your school

Bring everything together

In busy secondary schools with so many different systems and processes, it's often difficult for staff to find the information they need.

Arbor brings all your systems, data and communications under one roof, giving you a single source of truth so you can support the students and staff who need it the most.

30%

saving on your systems costs by bringing everything together in Arbor

The right data at the right time
Everyone at your school gets accessible, usable reporting so staff at all levels have a shared view of progress.

Greater student insight
Arbor's intelligent, people-friendly tools help cut out the noise so you can see the factors affecting student performance.

Faster, simpler access
Staff will only need one system login to complete all their daily tasks.
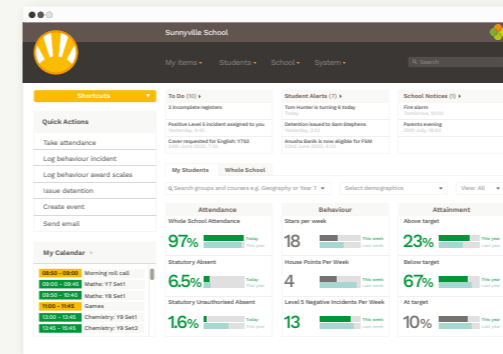

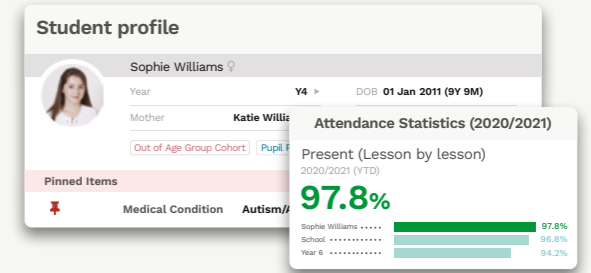

Keep your school running
Because Arbor MIS is cloud-based, staff can stay on top of things wherever they're working.

Reduce the burden on admin

For School Leaders...

Flexible assessments and customisable reporting give you greater insight into your student progress every day. DfE benchmarking helps you and your Governors see your school in context.

For Teaching Staff...

In the classroom, personalised tools like My Homepage and My Classroom help you stay up-to-date with your students, speed through admin, and manage your classes seamlessly.

Features everyone will enjoy
Intuitive and people-friendly tools, giving staff useful insight at all levels.

Free staff from busywork
We take the work out of daily admin so you can accomplish more.

Save time for more important problems
Arbor streamlines daily processes, meaning you spend less time on repetitive tasks.

Keep the apps you love, replace the ones you don't
Connect with the tools you love and rely on every day, saving you hours of manual work.

For Admin Staff...

Essential tasks like exams, timetabling and attendance management couldn't be easier, with in-built communications and report scheduling to give you hours of your life back!

For Parents and Guardians...

Arbor keeps parents in the loop about their child's attendance, behaviour and academic progress via the Parent Portal and App. Plus, parents' evenings, clubs, trips and payments are all automated.
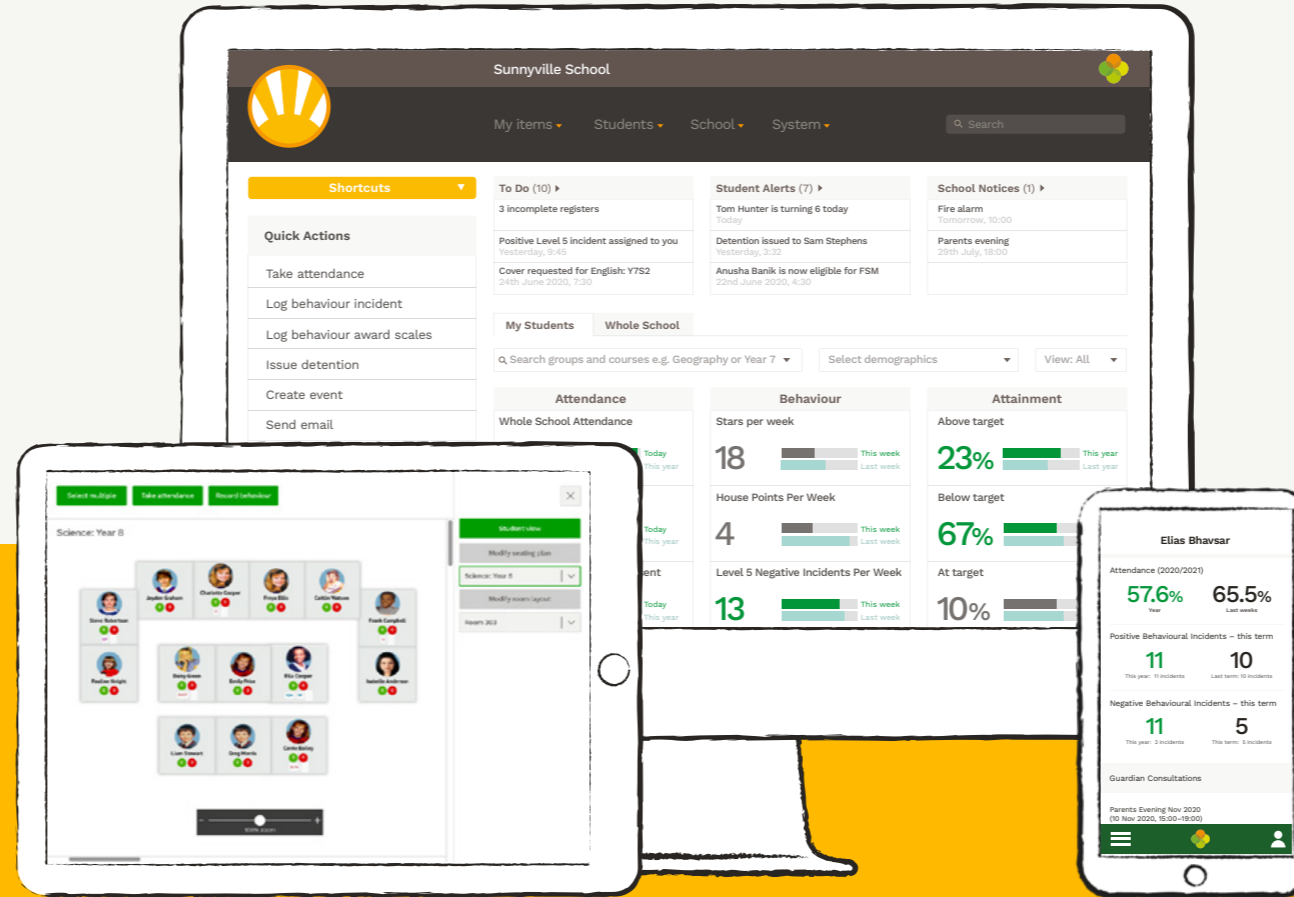

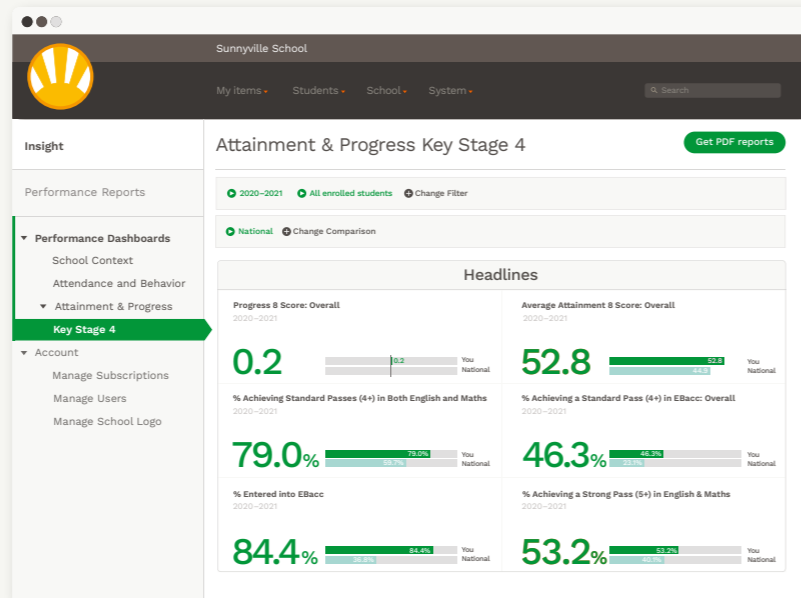

The right data for everyone, at the right time

Get the information you need to make impactful decisions

A truly holistic view
Arbor is the only MIS to integrate performance and finance data from the DfE with your live, in-year data.

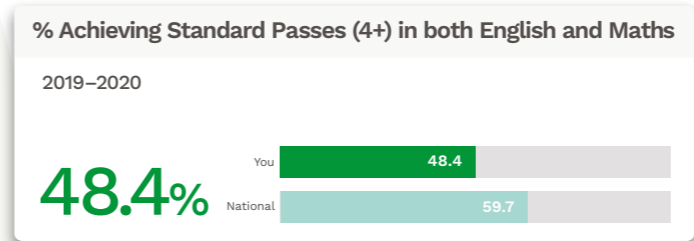

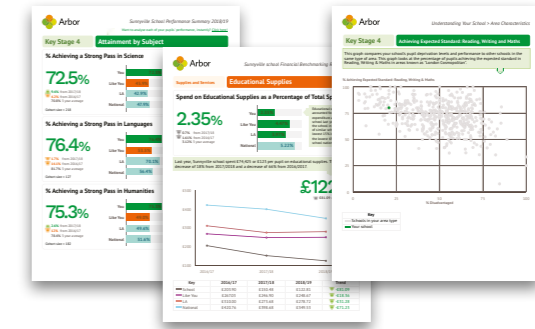

Unbelievably good reporting
Our built-in dashboards surface the data most relevant to your staff, or you can build personalised reports in minutes.

Zero-in on impact
With clear call-outs and analysis, Arbor helps cut out the noise so you can see what's important.

How Arbor works: Partnering with you

Ready for tomorrow

With over **1,300** schools and trusts, Arbor is the UK's fastest-growing MIS **community** today.

Discover and share best practice with schools like yours through the **Digital Community**, **Feedback Forums** and **ArborFest** - the twice-yearly festival dedicated to our schools.
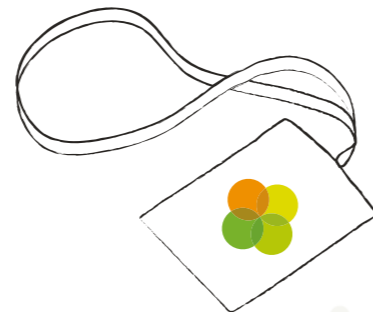

We're ready to act in your corner, whatever the future holds

We have the largest team of developers in the MIS market, making sure we're responsive to the needs of the DfE, Ofsted and Local Authorities. We're always looking ahead and are ready to act fast, if (and when!) things change.

See our roadmap
We plan our product roadmap hand-in-hand with schools and ship smart updates every day.

In it for the long term
When you join Arbor we'll take the time to truly understand your school and your goals – then help you meet them, year after year.

A network of support
Join our community of education professionals and experts learning from each other, sharing good practice and celebrating success.

Experts at your fingertips
Fast and friendly support online, by phone, or in person, any way you need it.

All your essentials covered

"The last few weeks were very crucial for me as an exams officer. This time of year all GCSE entries have to be sent. I was very well supported by Arbor and all the problems were resolved effectively. All my entries have been submitted successfully."

Anna Kalis
The Exams Officer at Ninestiles School, An Academy

Our Secondary School MIS features

Exams
Manage school exams end-to-end

Interventions tracking
Instant insight into the effectiveness of your interventions over time

Behaviour
Record, reward and report on behaviour and manage detentions
