Sora: Open a world of reading
The right book. At the right time. For every pupil.

The Sora app was designed around the modern pupil reading experience. It empowers pupils to discover and enjoy ebooks and audiobooks from their school, for both leisure and class-assigned reading.

Inspired by teacher and pupil feedback, Sora was created to excite kids about reading and remove distractions to promote a focus on learning. Teachers also value its thoughtful personalization features, streamlined classroom instruction and reader advisory made possible through enhanced interaction with the digital library.

PUPILS WILL LOVE SORA

- **Easy onboarding** - Simply find your school and log in using school credentials

- **Individual Education Plan support** - Audiobooks, dyslexic font, enlarged text, Read-Alongs and more

- **Unified experience** across devices and operating systems

- **Simple, one-tap step** to borrow and start reading

- **Reading activity enhancements** including notes, highlights and defined words — all of which can be exported from the app

- **Personalisation** through achievements, assignments and avatars

- **Automatic syncing** of loans, holds, notes, highlights, defined words, activity and achievements across multiple devices
