

OpusSystem™

# ENRICHING ALL ASPECTS OF SCHOOL LIFE...

The complete audio-visual solution for education

"We needed a technical set-up which didn't need a full-time technician; it had to be straightforward enough for our academic tutors to be able to use easily. Opus had a ready-made, cost-effective solution."

CHRIS WILLIAMS, UNIVERSITY OF BRIGHTON

Technology that **enriches the curriculum** and makes a really big difference to many other activities...

"The whole school community has been impressed by OpusSystem. The Spring music concert was the first time we used the OpusSystem. The Head was there with quite a few of the governors and they were blown away!"

ANDREW SEARSON, CASTELL ALUN SCHOOL

"It looks a bit like the Starship Enterprise and it's really exciting to use. The functions seem endless and we keep finding new applications."

DOMINIC COPPER,  
ST NICHOLAS CHANTRY PRIMARY

# QUICK

super short set up time

## The main benefits

- Simple and easy to understand – most users can operate the system after a brief induction
- Video projection and sound features are ready to use
- Colour changing lights at the touch of a button
- Secure and lockable – meets security and safeguarding needs
- Telephone support gives increased user confidence
- Full annual maintenance and servicing package offers peace of mind for compliance issues
- Energy efficient

### Other important factors for the construction industry

Opus has very low impact on building programmes – a complete video, sound and lighting solution that requires a relatively small amount of time on site to install. Its modular nature means it is easy to replicate across multiple sites and easy to support. It also has a reduced requirement for HVAC and is not as hungry for mains power compared to traditional solutions.

# SIMPLE

power up with one button

## Aiding teachers

- Connect your PC & teach
- Space for notes
- Perfect for showing videos
- Great for playing music
- Ideal for lessons & perfect for presenting to the whole school

## Financially flexible

- Multiple payment options available
- Outright purchase
- Lease or rental
- Combined rent/purchase

## Optional **OpusCare**

- Telephone assistance and advice
- Increased confidence for users
- Annual Inspection (ensures compliance for safeguarding)
- Regular maintenance ensures the system remains ready & working

Annual support & maintenance package available

# SMART

no technical knowledge required

The **OpusHub** is a purpose-built presentation console that integrates all the sound, video and lighting technology provided in an ergonomically designed lectern.

**OpusHub**™

Concerts
