Lenovo

# Bring your classroom to life online.

## WE'RE PAIRING DEVICES WITH SOFTWARE TO MEET DISTANCE LEARNING NEEDS.

Modern classrooms are a vibrant hub for sharing new knowledge, collaborating with others, and providing real-time feedback. It takes more than a screen to rebuild this environment online when students are learning remotely.

Support your student devices with the latest software that provides robust security, analytics, classroom management, instructional resources, and multimedia tools. Lenovo is making it easier than ever to assess your needs and include these tools in your product purchase.

The result is a complete distance learning experience that truly brings classrooms to life online in a safe and secure environment.

## 3 DISTANCE LEARNING SOFTWARE CATEGORIES

Lenovo has curated a suite of options to help you get started. Each of these porfolios works seamlessly with student devices.

### WE HELP YOU THINK AHEAD:

- Empower your teachers and students with unique remote learning content and tools.
- Simplify by purchasing devices and software together.
- Plan ahead for security and device health.

### CYBERSECURITY & STUDENT SAFETY

Track, assess, and protect remote devices 24/7. IT admins can secure student devices against cyberattacks, manage versions, monitor device health, and report on device and software usage. Plus, comprehensive content filtering and student monitoring keeps students safe.

- CONTENT FILTERING
- STUDENT SAFETY
- NEXT-GEN ANTI-VIRUS
- DEVICE SECURITY

### REMOTE CLASS MANAGEMENT

Manage live class sessions effectively with tools to share and filter content. Teachers can maximize the benefits of technology while creating a customized, distraction-free classroom.

- SCREEN MONITORING
- CONTENT DELIVERY
- COLLABORATION TOOLS
- VIDEO CONFERENCING

### INSTRUCTIONAL RESOURCES

Challenge students with engaging learning tasks. Teachers can provide interactive lessons, web-based VR content, and high-quality, standards-based STEM activities.

- TECH-ENABLED SOCIAL LEARNING
- STEM & CTE READINESS
- DIGITAL CREATION TOOLS
- PROFESSIONAL DEVELOPMENT

To put your distance learning plan into action, combine selections from one or all of the software categories with your device order. Don't see exactly what you need? Customizable bundles are also available.
