

ClassBuddy™

Cost Effective Storage & Charging

LapSafe® 

ClassBuddy™

Cost Effective Charging Range

The ClassBuddy™ range offers an unrivalled and cost effective solution to store, charge and even update your devices.

Devices are charged simultaneously in the fastest possible time using their AC adaptors.

The ClassBuddy™ is fully and independently CE certified by a notified body.

Cost Effective

LapSafe®'s cost effective storage and charging range

Safe Charging

LapSafe®'s safe charging for up to 32 devices

Steel Construction

To withstand the test of time

Cable Management

Neat and tidy cable management

Lifetime Warranty

Space Saving

A compact, small footprint range to maximise space

ClassBuddy™ Trolleys

Mobile Storage & Charging Trolleys

The popular ClassBuddy™ trolley range is easy to manoeuvre and is fitted with high quality castors which give 360° movement.

Laptop Trolleys

Store and charge 10, 16 or 32 laptops or Chromebooks

Easy to Manoeuvre

High quality castors enabling easy manoeuvrability

Tablet Trolleys

Store and charge 20 or 32 tablets or small Chromebooks

Space Saving

A compact, small footprint range for where space is limited

ClassBuddy™ 10/20
10 Laptops
20 Chromebooks / Tablets

ClassBuddy™ 16/32
16 Laptops
32 Chromebooks / Tablets

ClassBuddy™ 32
32 Laptops

ClassBuddy™ Wall

Wall Mounted Charging Cabinet

The ClassBuddy™ Wall cabinet makes device management easy and takes up minimal wall space. Charging is carried out using the devices own AC adaptors which are kept neat and tidy with simple and effective cable management.

The neat design with rounded corners for added safety has a separate compartment to house the AC adaptors.

The ClassBuddy™ Wall is quick and easy to install.

16 Devices

Store and charge 16 tablets or small Chromebooks

Slim Design

Small and compact using only minimal wall space

ClassBuddy™ Desk

Desktop Charging Cabinet

The ClassBuddy™ Desk unit sits neatly and unobtrusively on a desk or worktop. The small access doors, and compact design, maximise available working space even with the doors open.

Store your devices securely with neat and tidy cable management. The devices charge simultaneously and use their own AC adaptors.

Designed for up to 10 devices, with the flexibility to mix and match various devices in one cabinet.

10 Devices

Store and charge 10 tablets or small Chromebooks

Small Footprint

Small, compact and uses minimal desk space

ClassBuddy™ Locker

Device Charging Locker

Our latest addition to the ClassBuddy™ range brings our most compact 32 bay storage and charging cabinet, at an affordable price.

Space for 32 Chromebooks, tablets or small laptops with charging and optional data. This compact unit provides an all in one solution for storage, charging and updates. When fitted with one of our keyless locks, access is simple and manageable.

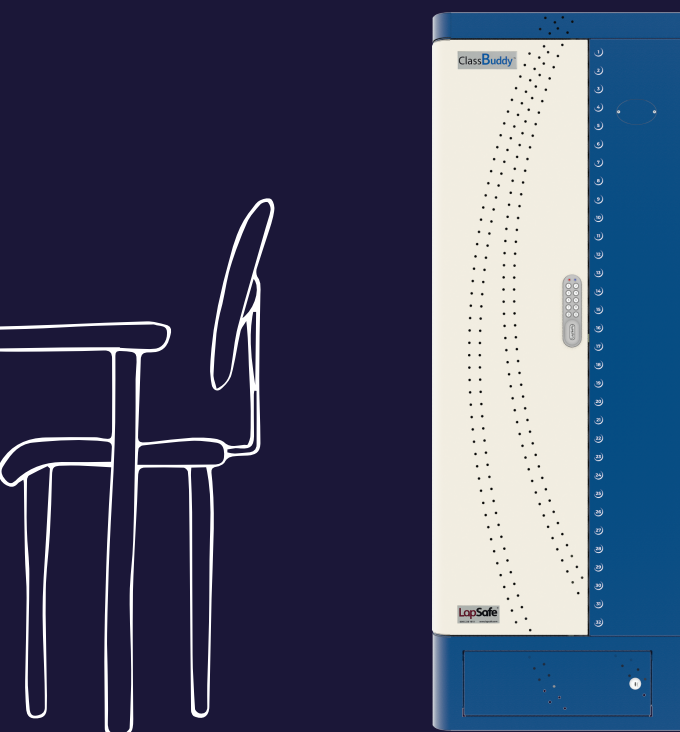

32 Devices

Store and charge 32 laptops, Chromebooks or tablets

Small Footprint

Small, compact and uses minimal floor space

Charging

Safe Charging & Power Management

LapSafe®'s own power management system ensures the highest level of safety for users, equipment, and electrical circuits.

Fitted with standard sockets (Euro sockets available), which utilise the devices own cables and AC adaptors. The ClassBuddy™ charges with maximum efficiency.

AC Adaptors

Devices are charged simultaneously in the fastest possible time

Power Management

Our power management system protects the user, your equipment and electrical circuits

Safe Power Management

As Standard

LapSafe®'s power management system protects the user, your equipment and electrical circuits.

Residual Voltage Protection

Over Current Protection

Soft Start Power Management

Separate Admin Access
