

Diplomat™ UV-C

As we attempt to get back to some level of normality during these unprecedented times, LapSafe® has designed and developed a solution to keep your devices Covid safe and in operation.

We have listened to our customers who currently use our self-service laptop loan lockers and trolleys to loan or store their laptops, Chromebooks and tablets.

ClassBuddy™ 16

Mini Mentor™ 15

Diplomat™ Self-Service 24 bay unit with UV-C fitted

Our semi-automated UV-C sanitising unit will sanitise your laptop or tablet in around 15-20 seconds. 99% of bacteria and some viruses* are inactivated when exposed to high-intensity UV-C light. Fitted with Phillips UV-C bulbs, you can have confidence that Diplomat™ UV-C can help in your protection strategy.

**In laboratory testing, our UV-C light sources inactivated 99% of SARS-CoV-2 virus on a surface with an exposure time of 6 seconds. Source www.phillips.com*

Simple to use

Simple and easy to use, place your hand in front of the sensor to activate and follow the straightforward instructions on the LCD screen. Place your device into the cleaning bay and leave the unit to do the rest. Whilst waiting users should sanitise their hands, leaving them with clean hands and device to use safely. When finished with the device, return it to your locker or trolley as usual.

Benefits

- Sanitises most laptops and tablets
- Sanitises devices in 15-20 seconds
- Sanitises all sides of the device at once
- Can be fixed to an existing Diplomat™ installation
- Use it standalone in other areas
- Painted to match your existing lockers or trolleys

Features

- No-touch operation
- Semi-automated solution
- Only a single standard power socket required
- Fitted with Phillips UV-C bulbs
- Fail-safe and safety protection
- Senses when a device is placed in or taken out

Diplomat™
UV-C unit
