POWERING SUCCESSFUL PRIMARY SCHOOLS

DfE census compliant

www.scholarpack.com

CONTENTS

iTS TiMe to MOVe oh

Imagine what you could do for your school if you could see at a glance those pupils most in need of extra support.

Imagine a world where demonstrating progress to governors took just 3 clicks.

Or what your staff could do with all the time they would save by using an MIS evolved from years of feedback from schools wanting to reduce workload just like yours.

We understand the needs of primary schools are different to those of secondaries so we didn't make a one size fits all MIS. Choose the only MIS specifically made for primary schools, with best in class support just a phone call, email or online chat away and give your staff the best tool for the job.

WHO WE HELP

Headteachers

Spend less time on admin and more time focusing on your pupils:

- Ready-made reports mean that preparing for governors meetings has never been easier
- Access pupil data on any device, anytime, anywhere
- Continue to use all your existing systems without any disruption thanks to ScholarPack's integration with your other systems such as Parent Pay, Wonde and CPOMS

School business managers

Reduce your admin workload:

- Complete your DfE census return in just 30 minutes
- No more work backlog triggered by system downtime thanks to ScholarPack's seamless, automatic system updates
- Best in class support served up any way you want it, with 9 out of 10 queries resolved straight away

Multi-academy trusts

Monitor performance across your trust:

- Get a high-level view of performance across key areas such as attendance
- Access pupil data on any device, anytime, anywhere, and with single sign on, access any school within 2 clicks
- Enjoy trust volume licensing discounts, as well as specialised training packages built specifically for your schools

"

On a day-to-day basis ScholarPack enables me to extract any information I need quickly and easily, saving me so much time compared to our previous MIS.

St Joseph's Catholic Primary School

WHAT ARE THE BENEFITS?

ScholarPack will work for your school

We've listened to feedback from over 1,300 primary schools similar to yours, so you can be confident it's going to save you time and will make your life easier.

Liberate your team from admin to focus on what matters

Create reports on any device, anywhere, at any time, within 3 clicks and complete your DfE census return in just 30 minutes.

Best in class support served up any way you want it

When you need some extra help, we've got your back. With best in class support just a phone call, email or online chat away.

> "

ScholarPack has given us the ability to look at our attendance information and find useful correlations with our assessment data. There is also a readily available report for everything and finding students' information day-to-day has never been quicker.

Lowther Endowned Primary School

HOW DOES SCHOLARPACK WORK?

Save time and make sense of your primary school with ScholarPack MIS, then add our other solutions as you need them:

ScholarPack MIS: our core management system

See page 10

Add-on modules:

| **Assessment:**	**Comms:**	**Dashboard:**
demonstrate progress to governors	keep parents in the loop	monitor performance across your trust
See page 12	*See page 14*	*See page 16*

"

ScholarPack is the only MIS on the market that specialises in primary schools. Its simplicity of use means it was easy to roll out across our 30 schools (who were previously used to using SIMS) and by switching to a cloud-based MIS we no longer have to replace servers or pay for the electricity used to run them - saving us a whopping £60k each year!

Bath and Wells Multi Academy Trust

SCHOLARPACK MIS

What's included in our core management system?

ScholarPack MIS includes more modules as standard than the leading provider, and they are perfectly tailored for primary schools like yours.

Attendance

Attendance of the week	Lowest attendance date
1. Monday **95.84%**	1. 04 October **17.19%**
2. Wednesday **92.39%**	2. 03 October **39.77%**
3. Friday **92.39%**	3. 02 October **42.20%**
4. Thursday **91.97%**	4. 07 November **50.00%**
5. Tuesday **91.03%**	5. 29 October **57.90%**

Live feed

Referrals

Attendance

Ditch those paper registers and introduce your staff to an efficient registration process both in the classroom and the office.

Personnel

Manage all your staff information in one place, from recording staff contract and attendance information, to creating your own Single Central Record.

Behaviour

Track behaviour in real-time from the classroom and use customisable reports to get an insight into behaviour patterns.

Meals

The meals module allows you to add and track payments, create debt letters and print out reports ready for your kitchen staff at lunchtime.

Interventions

Identify and track those pupils who may need additional support in certain areas, and analyse your budget against the progress of a group over time.

Census

Our DfE compatible census module only asks for the data you haven't got - anything relevant that you have already entered is automatically pulled through and populated for you.

Clubs

Track all your clubs before, during and after school with our clubs module. Take registers and manage payments all within the same system.

SEND

Track and analyse all your special educational needs and disabilities data, as well as confidential and child protection information - all securely stored for your safeguarding team.

Reporting

We provide hundreds of ready-made reports so you can get going from day 1. Chop up and analyse your data in real-time with ease.

ASSESSMENT

Demonstrate progress to governors with ScholarPack Assessment

ScholarPack Assessment provides you with a powerful range of reporting tools and an easy-to-use markbook that gives you insights into what's really going on in your school. What's more, by linking the assessment module with our core MIS, your pupil information is always up-to-date and ready to be analysed at any time.

Assessment - Ontrack Report

Standard Ontrack Report ⬍

Choose

Please be aware this report calculates on track against age related expectation, not targets.

Standard Ontrack Report: Academic Year (2018), Checkpoint (SUM2), Entry Date before (10/02/2020), Year (AllYears)

YEAR GROUP	REA			WRI			MAT		
	Below	Expected	Exceeding	Below	Expected	Exceeding	Below	Expected	Exceeding
1	33.33% (8)	66.67% (16)	16.67% (4)	33.33% (8)	66.67% (16)	16.7% (4)	29.17% (7)	70.83% (17)	12.5% (3)
2	37.5% (9)	62.5% (15)	12.5% (3)	37.5% (9)	62.5% (15)	12.5% (3)	32.0% (8)	68.0% (17)	12.0% (3)
3	33.33% (8)	66.67% (16)	20.83% (5)	33.33% (8)	66.67% (16)	12.5% (3)	33.33% (8)	66.67% (16)	16.67% (4)

Zero setup

Setting-up Assessment is hassle-free thanks to markbooks and reports already built-in. Key cohort groups such as pupil premium, ethnicity, FSM and gender are all ready-made so you can easily analyse progress and attainment in your school.

Realtime data

All our reports run in real-time calculating percentages based on the most up-to-date data so you can make immediate decisions.

Vulnerable groups

Do the children who are eligible for free school meals make more or less progress than those who don't? Now it's easy to find out with our powerful data digger tool.

Built-in colour coding

User-friendly colour coding throughout the module means you can easily spot children at risk of falling behind. Create an intervention group directly from the checkpoints report as needed.

Customisable curriculum

Our formative markbooks allow teachers to track progress against any learning objective, in or out of the academic year. Customise the pre-loaded DfE curriculum or define your own - the choice is yours.

Free training throughout the year

Free video tutorials and webinars are provided throughout the year to make sure you always know how to get the most out of your data.

comms

Keep parents in the loop with ScholarPack Comms

ScholarPack Comms lets you communicate with parents and staff quickly and easily from one place. No more messing around with different templates and programs, just choose text, email or letter, then type your message and click 'send'.
And because it's all linked to ScholarPack MIS, your data is always up-to-date.

Contact groups

Use our built-in groups (forms, classes, years, clubs, interventions, attendance and dynamic/static groups) to send communications or use the quick group builder to make your own. Groups are saved for later so you never have to build them again.

Message templates

Save time by storing message templates for all types of communication so you can have common messages ready to go. Whether it's a snow day message or an attendance reminder - Comms makes it easy.

Texts, emails & letters

Choose the option that's right for you. You can send instant text messages, emails with attachments or print out letters from within the dashboard.

Dynamic fields

Use our powerful dynamic fields to customise messages for parents. You can mail merge lots of common fields like names, addresses or attendance statistics, so you know your letters, emails or text messages are always accurate.
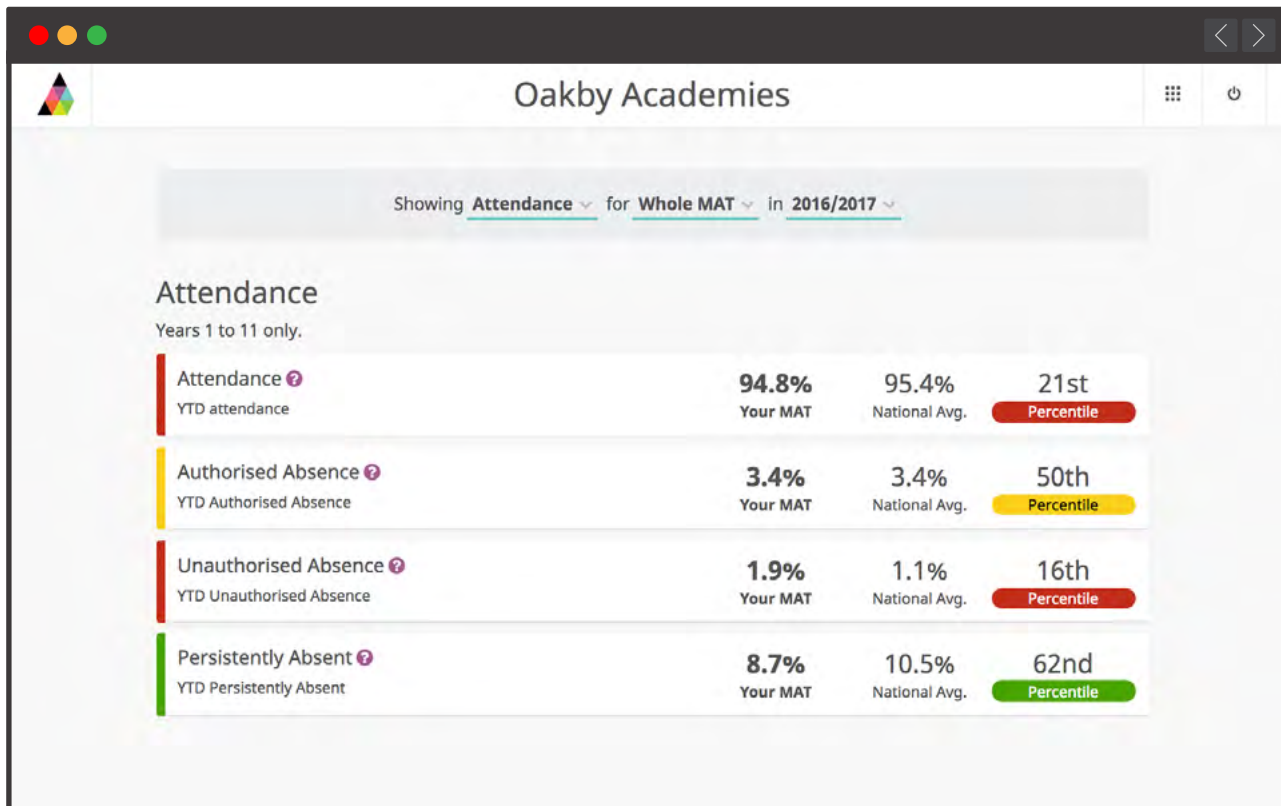

Real-time updates

Don't waste time waiting for phone number or address changes to update in your communications system. With ScholarPack Comms changes are transferred instantly so you can communicate with parents as soon as the contact information is updated.

DASHBOARD

Monitor performance across your trust with ScholarPack Dashboard

ScholarPack Dashboard is powered by Assembly, the school analytics specialists. It is specifically designed for multi-academy trusts, local authorities and groups of schools to compare data in real-time, giving you a high-level overview of how schools are performing.
Fast data analysis

Analyse data in a central dashboard covering all schools in a cluster. Data is pulled in from each school's database so you don't need to manually compile it. You can compare SATs results, attendance information, internal assessments and much more.

Intuitive benchmarking

Compare data from all your schools to get a high-level overview of performance in key areas. The tool has built-in aggregations for key groups such as pupil premium, gender and region, and even uses national data to contextualise your performance.

Simple multi-site working

Enable your staff to work across multiple sites from any location and on any device. Switching between schools takes seconds and means that staff can allocate their time to where it is most needed. Adding new schools is quick and simple so the system can grow as your cluster does.

Complete scalability

Our system can scale quickly to meet the needs of small, medium or large clusters without slowdowns. Adding new schools is quick and simple, so whether you're a small/medium MAT or a large local authority our technology remains fast and responsive.

WHO DO WE INTEGRATE WITH?

Easy integration with the systems you use

ScholarPack integrates with a multitude of other systems such as Parent Pay, Inventry and CPOMS to make sure you can continue to use all your existing systems without any disruption. We are also able to quickly add any new integrations as needed.

Put your mind at ease, see if your systems already integrate with ScholarPack below. If not, simply get in touch and we will work with you to get them added.

HEAR FROM A SCHOLARPACK SCHOOL

Don't just take our word for it, hear from Daniel Sparkes, School Business Manager at St Joseph's Catholic Primary School in Worcester.

How do you use ScholarPack?

We use ScholarPack on a daily basis for registration and the management of school clubs, as well as to complete the DfE's mandatory pupil census and workforce census. We also use ScholarPack Assessment to help us record and manage pupil progress and we are looking to purchase ScholarPack Comms once our other contract is up.

Why did you switch from SIMS to ScholarPack?

Our previous MIS stored data on-site in a server which created a gap in our business continuity plan as we would lose all of our data if there was an issue at our school. I also work across two separate schools and on census day I had to drive back and forth a number of times to complete the census on each of the sites using our previous MIS.

What has switching to ScholarPack meant for your school?

- We now have a robust business continuity plan in place as with ScholarPack we can access our data from anywhere at any time

- With ScholarPack staff can also work remotely which makes the system far more flexible and interchangeable

- On a day-to-day basis, ScholarPack enables me to extract any information I need quickly and easily, saving me so much time compared to our previous MIS

- The reporting is much easier and by bringing everything into one system such as clubs and assessment, there's no more switching between different systems and spreadsheets

- The electronic automatic updates on ScholarPack are seamless, a world away from our previous MIS local upgrades which would frequently send the entire system down, resulting in a backlog of administrative work

Would you recommend ScholarPack?

I would definitely recommend ScholarPack to colleagues in other schools. I have now implemented ScholarPack at three different schools and each time the transition was absolutely seamless and not onerous on the school at all, the ScholarPack team take care of everything. The MIS is more robust, more user-friendly, more affordable, more customisable and more accessible than my previous MIS. The customer service is also second to none.

WHAT MAKES US DIFFERENT?

We care about primary schools: we've been working with over 1,300 primary schools in order to liberate you from admin to focus on what matters.

24 hour migration to ScholarPack: we'll move you over to our system in a day or your first year is free.

We are part of The Key: the leading provider of knowledge and know-how to education leaders determined to make a difference.

Find out why 99% of schools that make the switch to ScholarPack, stay with ScholarPack.
