

## Capture and assess primary and EYFS pupils' learning and development with ReallySchool!

**Our simple-to-use tablet app is designed for teachers and TAs to ensure the easiest and most flexible approach to capturing observations in the classroom.**

Capture and record pupils' learning and achievements; identify child-initiated activities; add photos, videos and audio to support teachers' judgments and link observations to curriculum points.

Staff can engage parents by instantly sharing achievements and progress with parents in just one click, create home learning activities and open a teacher-parent dialogue.

ReallySchool also generates useful reports and journals to ensure staff can see where pupils are, who is on track, their understanding on any topic and their learning gaps — enabling them to plan each pupil's next steps.

All classroom assessments can be moderated post-lesson from the ReallySchool portal; additional notes can be added and then, where appropriate, shared instantly with parents or carers.

## Getting started

Follow these simple steps to get started with ReallySchool today!

### STEP 1

Sign up and register your school with ReallySchool.

### STEP 2

Import, add or integrate staff, students, parents, classes and houses.

### STEP 3

Select your frameworks and term dates.

### STEP 4

Invite staff and parents to start using ReallySchool!

## Once set up, you can...

Create observations

Create reports and journals

Monitor progress and learning gaps

Add media

Discover insights for leaders

Create remote learning opportunities

Increase parental engagement

Manage flexible assessments

## Key features when creating observations...

You can create observations from an iPad or Android tablet, or with a Windows/Mac computer. Use the '+' icon under the observations tab to create a new observation – or choose **new observation** from the side menu.

### Add media

Support your observations by adding photos, videos and audio files. Use smiley face stickers to cover pupils' faces in support of safeguarding.

### View reports

Monitor pupils' attainment and progress over time, spot and address gaps in learning and create easy-to-share journals from any observation.

### Engage parents in learning

Share home learning activities with parents. Encourage parents to share special achievements from home. Link activities and parent observations to learning areas and assessments.

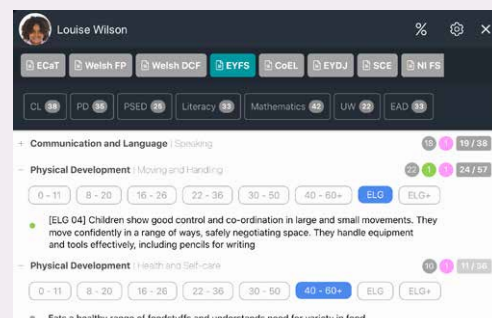

### Share achievements and progress

Share achievements with parents all in a single click. Celebrate success with student badges and enable parents to contribute comments about their child's learning.

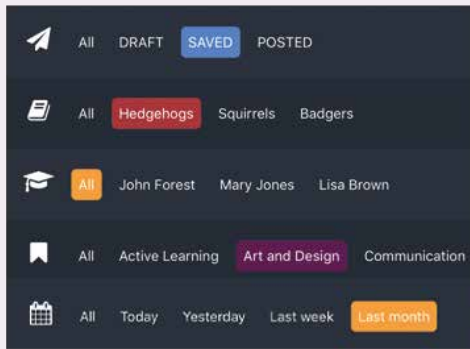

### Flexible assessments

Add extra assessment criteria, record whether an activity was child-initiated and include students from other classes for group work.\*

### Detailed student view

See a summary for each student that includes the observations and assessments already captured and applied.

### Timeline filters

See pupils' progress on an informative timeline to gauge their achievements. Apply filters to focus in on key information.

### Change the date and time of observations

This tool is not only useful for recording past information that could not be captured at the time, but also for scheduling observations and home learning activities for the future.

\* Includes The National Curriculum for England, Development Matters (EYFS), The National Curriculum for Wales, The Digital Competence Framework, The Scottish Curriculum for Excellence and The Northern Ireland Curriculum for Primary. As well as PScalcs, Pre-key Stage 1 and 2, Greater Depth, CoEL, CoEL 2020, ECaT, EYDJ and EYFS 2020 frameworks.

## What are the benefits of ReallySchool?

- ✓ Quick and easy to use.
- ✓ Flexible tools to save you time.
- ✓ Developed with teachers, for teachers.
- ✓ Intuitive to use - no training required.
- ✓ Shows you where learning gaps are.
- ✓ Dedicated, helpful and friendly team.
- ✓ Created by NetSupport, a trusted provider of education software for over 30 years.
