# READERPEN™

## PRIMARY

# AWARD-WINNING SUPPORT AND READING DEVICES

Return reading independence and make the curriculum available to all students with text-to-speech assistive technology.

**“Before I had the ReaderPen™ I wasn’t that confident with reading big general books that all my class could read, but I really wanted to read them. When I got the ReaderPen™ I realised I could read bigger books like all my classmates. It makes me feel happier just knowing that I can go and get the scanning pen and scan over text I am struggling with.”**  
- Year 5 Student, Ladybrook Primary School

# FREE TRIALS AVAILABLE

To All Schools and Parents!

Promotes reading independence

Supports social distancing in classrooms

Ensures support is continued with no Wi-Fi or apps required

Saves scanned text to devices or directly into Google or Word documents

Supports language acquisition for EAL students

Makes printed materials accessible

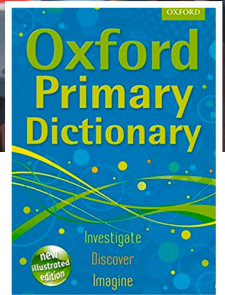

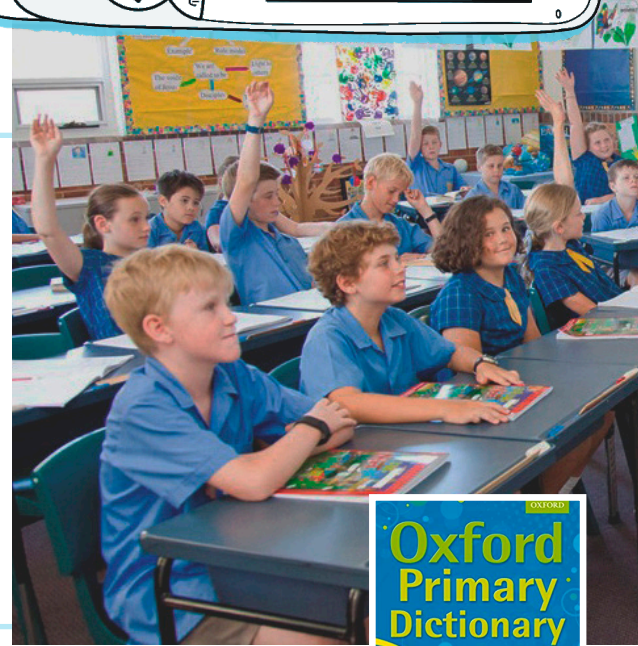

Raises literacy acquisition with a clear digital voice

Promotes inclusivity in and out of the classroom

This portable device reads scanned text aloud to provide learners the tools they need to become independent readers. The ReaderPen™ is ideal for those with reading difficulties and continues to be a valuable support even when complying with social distancing requirements.

## Includes the Oxford Primary Dictionary

“

“The pens are being used by 8 of our new EAL students. The pens definitely meet the needs of the students, we have discovered through the use of the pens our students are a lot more independent and their performance has increased in all areas. We had no problem with setting up the pens and have implemented these into the students everyday learning. The pens have helped a huge amount within the school, freeing up teacher time so they are able to focus on the whole class. I would highly recommend the ExamReader™ and ReaderPen™ to other schools.”

- Simon Glickman, Headteacher, Toras Emes Primary School

“Before the ReaderPen™ you would have to put your hand up or you’d just skip the word. The ReaderPen™ helps a lot because you can just go over text and read it and you won’t have to disturb the teacher or anyone else. The ReaderPen™ did increase my confidence a lot.” - Year 5 Student

”

“

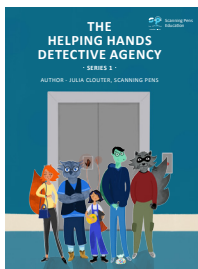

“Scanning pens for us fits really nicely into the use of the schools funding for additional needs. Once you’ve purchased it and you’ve spent the time on the training and the implementation, actually if a child is independently using something like scanning pens to read with and they don’t need an adult sat next to them, that adult is then free to go and support a wider group of pupils.”

- Terri Cawser, Assistant Service Lead Pupil and School Support, Birmingham

”
