rt0 Root[®] Coding Robot

Explore code, unleash creativity

A combination of features and sensors appeal to children of all interests. Program the Root[®] rt0 coding robot to drive, draw, react to touch, glow the colors of the rainbow, play music and more.

3 Learning Levels for any skill-level

Easy for beginners, but still challenging enough to keep experienced coders engaged. Begin with graphical coding before advancing to hybrid coding, then full-text coding.

Hours of activities at your fingertips

A learning library supports individual, one-to-one or even family participation. This content includes guided tutorials, ready-to-go coding projects, seasonal activities and more!

With over 30 years of building and programming robots, learn to code from the expert that brings you the Roomba® robot vacuum and Braava® robot mop.

Root® rt0 features:

New to coding? We have you covered

No matter your family's experience with coding or robotics, the Root® rt0 coding robot makes learning to program easy and advances with you as your skills progress.

iRobot® Coding App included

The best part about learning with robots? Seeing all you can do with them. Pair your Root® coding robot with the iRobot® Coding App using Bluetooth® technology to watch your code come alive.

Seamlessly switch Learning Levels

Learn, play and create your own coding journey by using the iRobot® Coding platform's auto-level converter to instantly translate your programs across all 3 Learning Levels.

Root™ Brick Top accessory
