

ENTERPRISE BROCHURE

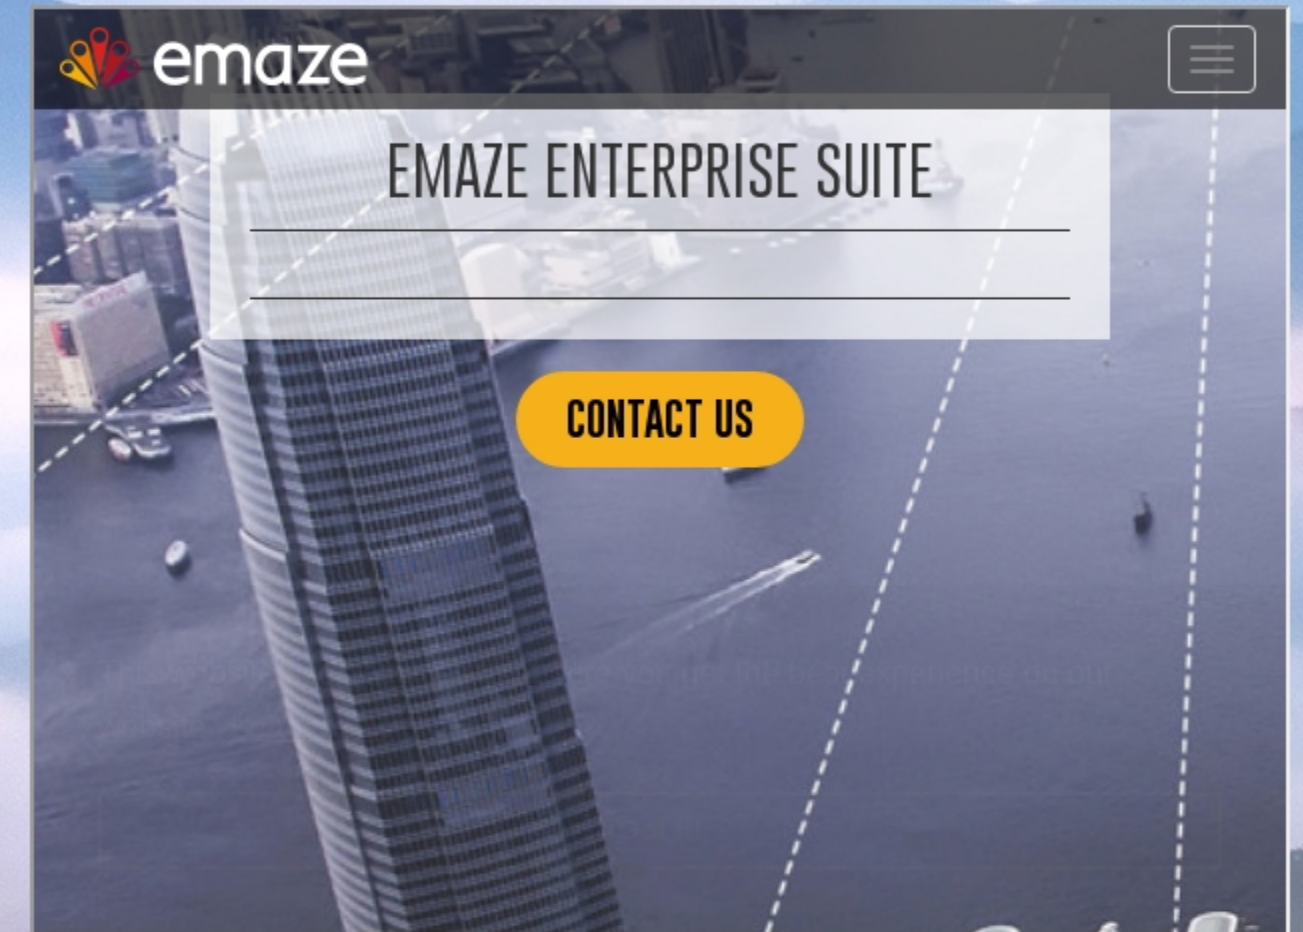

HOW EMAZE FITS YOU

- emaze with 50+ million users and more than 120+ million digital pieces of content created is your next online SaaS comprehensive enterprise portal. Our wide array of sophisticated tools adapts to your every business need.
- The homepage can be segmented, easily granting you the ability to filter by department/user/sector. You control the access to all content while still adhering to management rules and regulations. Real-time analytics allows users to track ABM and analyze web presence data. Engage prospects on a large scale with the emaze Training, Info/survey, and Certification Council (TIC Council).

HOW CAN YOU USE EMAZE?

With our Enterprise online SaaS digital content solution, your organization will easily save time and money on its day-to-day activities. You will maximize your opportunities by quickly recognizing flaws within your current business processes, and by improving operational transparency your employees and management will improve their collaboration and best practices. With the emaze Enterprise Suite you will be able to send your consumers educational/deep learning information, forms for approval, or even satisfaction surveys/feedback forms, in addition, you will be able to ensure that your employees are getting the proper coaching, training, information, certifications, and support they need from their leadership.

HEALTHCARE / HOSPITALS

How Emaze Helps

Provide custom training and certifications to medical staff. Centralized digital content ensures all information is regulated and in compliance with hospital rules.

With the TIC Council, you will be able to send out customer satisfaction surveys and gain a deeper understanding of your patient's feedback as well as your medical staff's status.

HEALTHCARE / HOSPITALS

HERE'S WHAT YOU CAN DO:

- *Compare medical staff achievements
- *Manage and protect data
- *Easily send forms to patients before hospitalization for reading and signing
- *Prevent malpractice and lawsuits by ensuring everyone is in compliance and properly certified

OTHER BENEFITS INCLUDE:

- *Sending satisfaction survey/feedback forms
- *Save, money, time, and efforts by streamlining hospital operations
- *Organize the medical staff TIC Council by person/team/department

ORGANIZATIONS BENEFITS

Our easy-to-use tools not only can help shorten your agents' sales/service cycle and convert more leads with a higher closing ratio, but it also enables you to send customer satisfaction surveys and track advanced analytics on viewer data to gain critical insights. The ability to control access to content while maintaining compliance with management rules and regulations ensures everyone stays on the same page yet still has the ability to personalize content when needed.

In addition to the TIC Council, you can provide specified training, centralized digital content, and provide custom certifications to your employees and satisfaction surveys to your customers, all while maintaining management regulations and compliance.

ORGANIZATIONS BENEFITS

With the **TIC Council**, you can gain a deeper understanding of your consumers' needs as well as your staff feedback.

- ▶ Manage and protect data
- ▶ Perform online customer satisfaction surveys
- ▶ Ability to communicate with members
- ▶ Send out different types of online digital content depending on the needs
