Founded In Education

# MAXCases is dedicated...

**F**or some case-makers, education is an afterthought. Not so with MAXCases. We've been dedicated to education since day one. Earlier, even. Our founders have been immersed in education solutions for over 20 years. As teaching approaches morphed from front-of-class teaching to 1:1 deployments of Chromebooks and tablets, MAXCases foresaw the need to protect students' EdTech devices. From this vision, MAXCases was born.

Our mission is to provide students and educators with long-lasting, quality products that enhance teaching and learning. ”
