

Can you imagine a world where learning is without limits?

## Discover the world of Unlimited Learning

- With millions of resources at your fingertips —
- Adapted to all learning abilities, preferences and curricula —
- Learn wherever you want, when you want —
- With many devices, online and offline —
- For the whole family and community —

## Break learning barriers, create your own **Unlimited Learning Ecosystem**

If, like us, you believe that learning should be personalized, adapted to every circumstance, and accessible at any time, from any place, now is the time to join the **Unlimited Learning revolution**.

An **Unlimited Learning Ecosystem** includes:

Intelligent,  
personalized  
experience for your  
school

Interactive learning  
experiences

Millions of educational  
resources

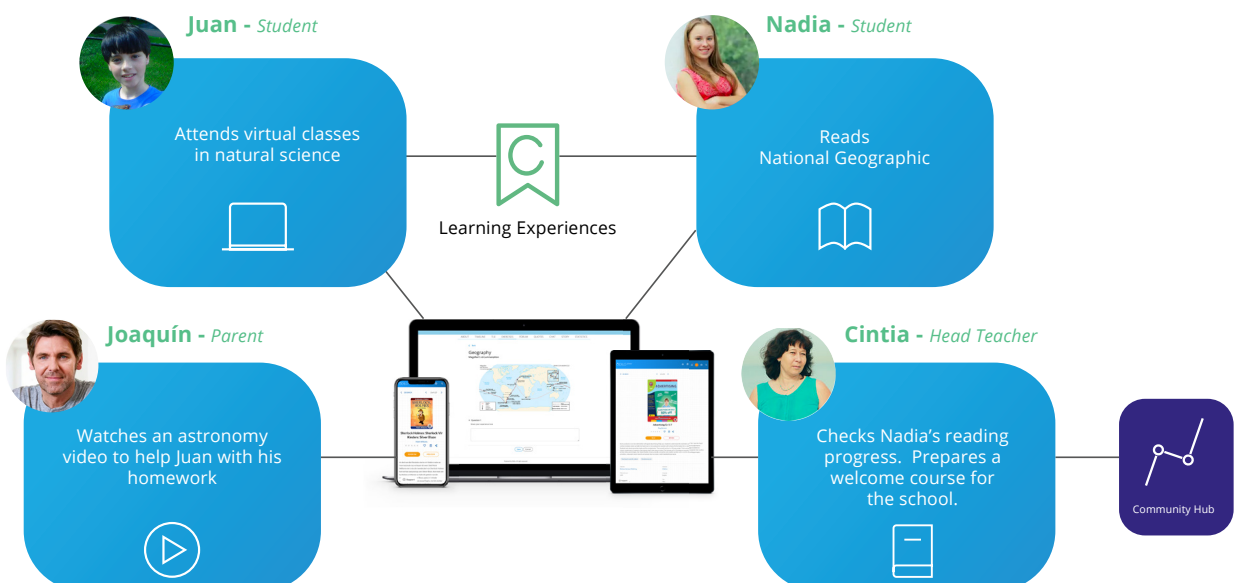

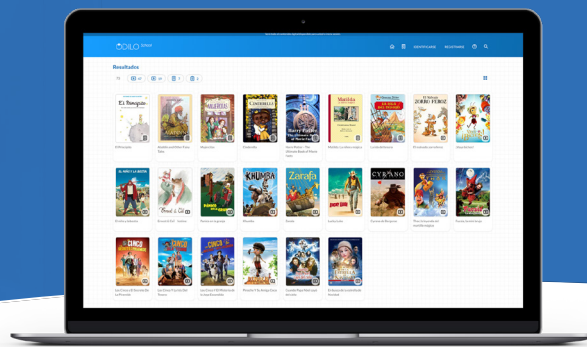

Benefits for the  
entire school  
community

Managed service

## How an Unlimited Learning Ecosystem helps **the academic community:**

## Innovators become **Unlimited Learning Organisations** with **ODILO**:

### Helena School, Zimbabwe

This primary school has deeply integrated their **Unlimited Learning Ecosystem** in their daily learning and has registered over **3,500 learning hours + 1,500 titles** consumed to date.

### EL PILAR, Spain

Setting their sights on integrated development for students through personalized learning paths, which can motivate them to achieve the best version of themselves. In barely 12 months, students reached **25,000+ hours** of accumulated **independent learning**.

### LA SALLE, Mexico

To meet the challenges of the 21st century, the school is joining the Unlimited Learning revolution to offer its community a place for connection and education with **60+ tailored reading plans** and **40,000+ educational content items**.

### ASPAEN, Colombia

Their Unlimited Learning Ecosystem has allowed them to put into practice their exclusive educational model, offering their **6,000+ students** and **850+ teachers** proprietary content with which to personalize learning.

We adapt to all schools:

Adapted to the **image and values** of your institution

Adjusted to your preferred **methodology and pedagogical model**

Integrated with your own **educational material**

For all skill and subject areas

## Achieve educational excellence with the best technology in education

- Increasing reading habits by 3-5x
