

Delivering a modern platform for Teaching & Learning

Transforming technology for Schools, MATs, Colleges and Universities

How we help the education sector

AspiraCloud delivers sustainable and secure solutions for the modern teaching and learning environment. Designed to help you address your most pressing IT challenges and priorities, we work with best in class cloud services featuring the latest Microsoft 365 technologies to optimise existing technology, enhance IT governance and deliver demonstrable value to create the ultimate classroom experience for your staff and students.

From laptop schemes and device management to cloud migration and remote learning, we offer the latest cloud services, devices, licensing and upgrades, including Microsoft SharePoint, Teams, Intune and Endpoint Manager, to truly modernise your school IT environment.

Who we work with

AspiraCloud supports Schools, MATs, as well as FE and HE institutions to improve the quality of teaching and learning through technology. Working with Headteachers, IT Technicians, Heads of ICT and other school leaders, AspiraCloud can help find the ideal cloud solution so you can create a serverless school that delivers best value for money while meeting all your compliance, regulatory and security concerns.

Why AspiraCloud?

With unrivalled education and technical knowledge, we understand how staff and pupils use IT and recognise the value of Microsoft 365 as a powerful educational platform for schools, MATs, colleges and universities. Our team has a proven track record of delivering tailored Microsoft cloud solutions, managed services, technology and devices that achieve both excellence in education and substantial cost savings. We're also a Microsoft Gold Partner and accredited Microsoft SDS Advanced Partner.

Bring your cloud vision to life

AspiraCloud can help you introduce or strategically drive the use of cloud services.

We offer and support a vast range of Microsoft 365 solutions and subscriptions including Microsoft Teams, Azure, Power BI, SharePoint, and other Microsoft technologies to bring together the right tools to futureproof your school and build the modern teaching and learning environment.

What are we delivering now?

Optimising budgets; improving the teaching & learning experience

Content & mail migration to Microsoft 365

Deploying & automating Microsoft Teams, OneDrive & SharePoint

Strategy, governance, teacher training & implementation

Streamlining & securing devices for staff & students

Device deployment & management with Microsoft Endpoint Manager

Modernising IT services for schools

Cloud First Support by AspiraCloud

Simplifying Microsoft licensing

Microsoft subscriptions review & optimisation

What our customers say

“Thanks to AspiraCloud, our Trust is now under one Microsoft 365 tenancy. Any obstacles were easily overcome in a professional and timely manner, we now look to AspiraCloud for our larger technical queries regarding cloud solutions.”

– **Matt Wadsworth**
IT Director,
The Education Alliance

“AspiraCloud helped us plan and deploy a successful Microsoft 365 migration across 3 schools, migrating almost 2,000 mailboxes onto a single tenant. This has really helped us collaborate faster, smarter and securely.”

– **Jon Gardner**
Trust Strategic Network Manager,
SouthPort Learning Trust

“The Cloud First Support service from AspiraCloud has provided a smooth transition to our new premises. All our IT needs have been worked through in advance and we have continued to provide a seamless service throughout the move.”

– **Sue James**
CEO,
The Legal Action Group
