EXATECH offers comprehensive, tailor-made and innovative solutions, as relates to exam-organization management, digital marking and more.

Our group has been working with government agencies, universities and technical schools, as well as other institutions, for many years.

Our R&D sector and our technologies place us among the most innovative companies in France and within the "French Tech".

With offices in Paris, Lyon and Montpellier, we guarantee continuous availability and ensure the success of your exams and assessments.

Our most famous digital solutions are VIATIQUE, Passnum and QCM direct.

Workflow Viatique

iatique
