STORAGE FOR TODAY'S TEACHING

THE ULTIMATE ANSWER

CREATE EASY ACCESS TO LEARNING RESOURCES

Nothing stands still in teaching, and we know that your space is at a premium. Callero makes your classroom work better.

Meeting the needs of every child in your class means differentiated resources.

To achieve mastery, abstract learning starts with concrete manipulatives – particularly in maths. Some pupils are ready to move on faster than others. Callero storage on wheels gives you exactly what you need, wherever you need it in the classroom: from pupils needing the additional stretch to those struggling to meet expectations.

With demands on phonics and literacy greater than ever before, create easy access to everything you need.

Foam letters, digraph magnets, flashcards, overlays, reading rulers, phonics mats: they all need separate storage. Having a tray system in place for each one reduces lesson set-up time and means pupils can collect what they need, without an adult setting up in advance. For inspiration, we've also designed our units so that books and other learning resources can be displayed on top to draw pupils in.

Callero is an organic storage system that grows as your teaching needs change.

Our modular wall units let you build up or build across, giving you the smallest footprint for the largest storage capacity. At Gratnells we have more options than any other school range and the most flexible solutions for limited spaces. What's more, they are sustainable: our recyclable units share a wall, meaning less plastic and more leftover space.

"The learning environment can sometimes feel restricted by the furniture and fixed features of a space."

MAKING SEND SUPPORT WORK

EACH PUPIL'S NEEDS ARE DIFFERENT - LET CALLERO HELP

In today's inclusive classroom, it's essential to provide resources that support those with neurodiverse needs.

Task boards and timers, writing slopes and overlays, fine motor materials and sensory supports – all these resources need storage and swift access to meet your pupils' needs. With this is mind, Callero offers different sized trays for smaller and larger items.

Callero also means agility for small group working.

Until the learning has started, we don't always know who needs support for an activity or which resources will help.

With ergonomic handles, larger castors and a structure up to 30% lighter than wooden equivalents, pupils can move Callero units to a table or carpet area. It gives them easy access to everything they need to support their learning activity.

Pupils can be active in setting up their own group work.

We know how important collaboration and independence are for pupils with SEND. With lightweight, mobile Callero units and StopSafe tray runners, it's safe and easy to move resources to where they are needed, without adult support. Our lift-to-remove system uses clips to only allow trays to be pulled out to a certain length. Should the tray need to be totally removed from the storage unit at any time, a simple upwards tilt will allow it to be fully withdrawn.

Our units also help build a sense of pride in group or paired work. Their flat magnetic sides allow you to display visual instructions and mean that work in progress or completed projects can easily be affixed, transforming the space into a project centre.

F25 Extra Deep H225 x W312 x D430 mm

F3 Jumbo H300 x W312 x D430 mm

FI Shallow H75 x W312 x D427 mm

Trays make pre-learning and overlearning simpler.

Opportunities for consolidation are vital for pupils with EAL or additional needs. Gratnells trays are ideal for setting up and storing pre-learning and overlearning activities for individuals or pairs.

Through our work with Dr. Katherine Forsey and experienced teachers, we are proud to offer to tray-based teaching resources that support the core, STEAM and creative curriculum, free of charge on our website: www.gratnellslearningrooms.com/ curriculum-resources/teachingresources/

> "Easy access to resources allows the children to make their own learning choices."

MATCH CALLERO TO YOUR ACTIVITIES

OUR CALLERO CUSTOM MODULAR UNITS MATCH YOUR STORAGE LAYOUT TO YOUR CLASSROOM NEEDS

Whatever space you have available for storage, whether it's a corner or an entire wall, you can create the perfect solution with Callero Custom. Build up or build across to make your space work. You can create anything from a cosy library to a full-height, comprehensive resource centre. You can mix and match tray units with shelving, for example, to provide a classroom learning area that contains everything pupils require for their lesson.

Callero furniture is designed to offer high density storage on a smaller footprint. Low level frames can be added to over time and tall units can be configured and installed to meet your exact requirements.

The possibilities are endless.

Library

Encouraging children to have an appetite for reading is critical. Low-level units with trays and shelves allow them to choose books independently and browse a range of fiction and non-fiction texts.

Resource zone

Children are encouraged to take responsibility for resources and their belongings. Taller, high density storage units allow you to store and organise materials and enable children to be independent, accessing them when needed. Trays at different heights give you options for teacher-directed resources higher up and easy access for pupils lower down.

MakerSpace

Children enjoy carrying out hands-on, practical tasks. Whether this be STEAM, art or another type of creative activity, children need to have adequate space and access to resources to allow them to successfully complete projects. Low level units with workstations offer a dedicated space to work while having plenty of storage space close by.

Callero Custom

To create your own customised storage, simply pick a single or double height starter unit – then add as many additional units as you need to make the most of your space.

You can see the full range of modular units at www.gratnells.com.

STEAM & CRAFT ACTIVITIES NAILED

CALLERO TROLLEYS PROVIDE ALL PUPILS NEED TO COLLABORATE, CREATE, INVENT, DESIGN AND BUILD

Workbench and equipment storage combined.

Do you want to set up a designated makerspace area in your school? We've got the ideal solution with our maker and STEAM trolleys for hands-on practical activities and storage.

The combination of tray sizes in our trolleys means you can store all the resources you might need. Large castors make manoeuvring them a breeze. StopSafe runners make the trays extremely secure and child-friendly.

Each of these versatile trolleys comes with trays, 12 green mini bins, 5 single hooks and 5 double hooks, which you can arrange based on the equipment you want to store.

STEAM Double Trolley

Ideal entry-level solution for school STEAM activities. When space is an issue, this trolley is perfect as a maker station to get you started. Contains everything you need for maximum subject-based storage on a small footprint.

H1065 x D430 x W690 mm

STEAM Treble Trolley

Similar to the double trolley, but more spacious, this trolley will allow even more STEAM resources to be stored and easily accessed in the learning space. The top workbench can be used to showcase pupils' work. H1065 x D430 x W1020 mm

MakerSpace Trolley

The ultimate makerspace resource – ideal for collaborative STEAM-based project work. The top bench doubles as a workstation or presentation space. Handy tilted trays and a roll holder give unique flexibility. H1565 x D430 x W1020 mm

"Mobile trolleys allow you to change the room with ease and give the children freedom to move and choose their preferred learning area."

Anna Patuck, teacher

Create easy access to art materials and keep track of your stock.

WHEN YOU TEACH ART, YOU NEED CALLERO ART

TRANSFORM YOUR ART STORAGE WITH OUR RANGE OF UNITS

Art Trolleys

With the Callero Art Trolleys, the deep recessed top means children can transport items safely without spillage. Choose your ideal combination of trays, drying racks or both, supplied with welded runners and complete with braked castors.

H955 x D500 x W570 mm

Mixed Use Drying Racks and Trays

A3 Paper Trolley

Perfect for storing large sheets of drawing paper and other art supplies, the extra-wide Gratnells trays make it possible to store sheets of paper without folding or creasing. Supplied with braked castors.

H955 x D500 x W500 mm

STORAGE THAT MOVES FOR AGILE LEARNING

MOVE YOUR RESOURCES TO A NEW SPACE

MakerHub

A handy trolley that promotes group work and facilitates presentation by the pupils. The MakerHub also creates a flexible teacher hub that can be moved anywhere in the classroom or used as a stand-alone resource for pupils to access materials and write on the whiteboards. Supplied with deep trays and two whiteboards.

H1430 x D430 x W690 mm

TAKE LEARNING OUTDOORS

HANDS-ON OUTDOOR LEARNING IS CRITICAL FOR ENGAGEMENT AND MOTIVATION - IT ALSO BOOSTS COVID-SAFETY

Rover

With Rover, moving heavy resources outside is simple. Designed to operate easily on rough terrain, it can even manage heavy loads up and down stairs. The runner system can accommodate a variety of Gratnells trays which are secured with a handy strap to ensure no accidents on your journey around school – great when you are sharing subject-specific resources with colleagues elsewhere in the building.

H1170 x D760 x W560 mm

MAKE CALLERO YOUR OWN

CHOOSE FROM A VARIETY OF UNITS TO SUIT YOUR STORAGE NEEDS

Callero Treble Column Unit

Our Callero Treble Column units come with a variety of tray combinations in your colour choice. Supplied with feet and braked castors for mobile or static options, these units use our StopSafe runner system. Available with silver or cyan trim.

H1040 x D430 x W1020 mm

Callero Double Column Unit

Our Callero Double Column units are also supplied with different tray combinations in your choice of colour. They also have our StopSafe runner system and come supplied with feet and braked castors for mobile or static options. Available with silver or cyan trim.

H1040 x D430 x W690 mm

Callero Shield

Our Callero Shield range is treated with BioCote® antimicrobial coating, offering built-in defence against viruses and bacteria.

This gives you permanent, round-the-clock protection from unseen microbes.

Callero Lunchbox Trolley

The lunchbox trolley provides a flexible storage solution for schools. Ideally suited to storing lunchboxes, it is also great for other functions, like transporting sports equipment to the indoor sports hall.

H1065 x D430 x W1020 mm

Callero Tilted Shelf Unit

Ideal for the library or literacy area, these treble units comes with three wide shelves, supported on tiltposition crossbars. Supplied with feet and braked castors and available with silver or cyan trim.

H1040 x D430 x W1020 mm

Callero Flat Shelf Unit

Like the Tilted Shelf Unit, this trolley is ideal for the library or literacy area. Complete with three wide shelves and supported on flat-supported crossbars, this unit comes with feet and braked castors and is available with silver or cyan trim.

H1040 x D430 x W1020 mm

Callero Cloakroom Trolley

This trolley has been designed for hanging your class outdoor coats or art aprons with additional space for bags or shoe-bags. The wire basket in the bottom is a handy storage space for wellies, outdoor shoes or lunchboxes. The larger castors make it easy to move around, enabling pupils to go in and out in the right kit more efficiently.

H1180 x D430 x W1020 mm

Callero Library Unit

The deep trays in this treble column unit are perfect for storing books of all sizes, while the StopSafe mechanism allows pupils to browse tray contents without removing them. Supplied with feet and braked castors, this unit is available with silver or cyan trim.

H1040 x D430 x W1020 mm

Callero Tilted Tray Unit

Make the most of open storage with nine deep trays in this treble width Tilted Tray Unit, supported on tiltposition crossbars. Supplied with feet and braked castors. Available with silver or cyan trim.

H1040 x D430 x W1020 mm

SAFE AND SUSTAINABLE

OUR DESIGNS MEAN LESS WASTE AND SAFER SURFACES

Sustainability matters to everyone in your school community. Callero's unique design costs less to you and the environment; rather than placing units side by side, our storage can grow up or across as a single piece.

Our units are fully recyclable and come with BioCote antimicrobial coating to reduce the spread of germs. Unlike wooden units, Callero will never chip, making it easy to clean however long it's been in the classroom.

WHY GRATNELLS?

Schools are different all over the world, but our patented products are in over 70 countries for a reason.

Gratnells is not just a manufacturer: we are unique in working collaboratively with teachers, school leaders, designers and academics to optimise learning spaces. Our Planning Learning Spaces in Practice Design Framework gives schools the chance to trial innovative products and translate their strategic objectives into class spaces.

We design for today's teaching – putting the curriculum, safety and sustainability front and centre of all that we do.

Our products fit all furniture because we use standard sizes. Our guarantee lasts five years. Our range is extensive, giving you the most flexible options to personalise your learning space according to your needs.

We also look to the future. Through the *Cambridge Centre for Learning Spaces Innovation*, we are supporting research to uncover how spatial design will change to meet the future of learning.

Gratnells is the global leader in tray storage, with market knowledge spanning over 100 years. We deliver products to you within an unrivalled lead time: five days for tray storage and ten for metal products. As well as schools, we also supply laboratories, government, local authorities, the emergency services, museums, galleries and the hospitality, healthcare, veterinary, automotive and sports sectors.

Primary schools are changing the way children learn. Let Gratnells help you make your space unique.
