

Classsoos is an easy-to-use platform that helps teachers and students make the most out of their textbooks:

Enrich your textbooks

Highlight terms and important ideas; add notes, connect them to specific words or paragraphs and write down thoughts, insights and questions.

Textbooks become relevant

Teachers and students can add external links to articles, papers, websites, videos and online activities to aid and expand understanding.

One stop shop

Textbooks from the leading UK education publishers: Pearson; Hodder; CUP; Taylor & Francis; Bloomsbury; Elmwood; PG Online.; and others.

Anytime, anyplace anywhere.

Use the app to download textbooks to your device and continue reading and annotating even offline. Even on the school bus!

No new username and password

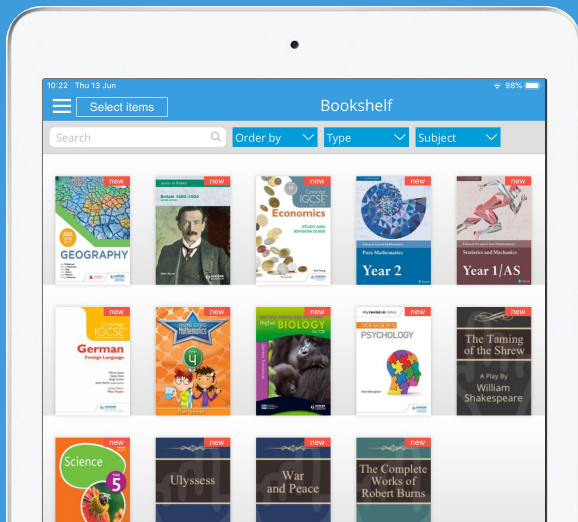

Use your Firefly, Google or Office 365 account for Single Sign On.

Carry less

Dozens of textbooks weigh the same as one on a portable personal device.

Here are some frequently asked questions about our service:

Which textbooks are available?

You can [search our catalogue](#) by title or ISBN at classsoos.com or you can email us the list and we will check it for you.

Which devices do you support?

You can access Classsoos via web browsers or download our iOS, Android or Window 10 apps.

Does it work offline?

Yes! Once you download the books to your device you can use Classsoos offline and it will sync with the server the next time you are online.

Can it help visually impaired users?

Yes! Our apps can read the text aloud and inherit the device's accessibility settings such as inverted colours and colour filters.

Can I share my own materials?

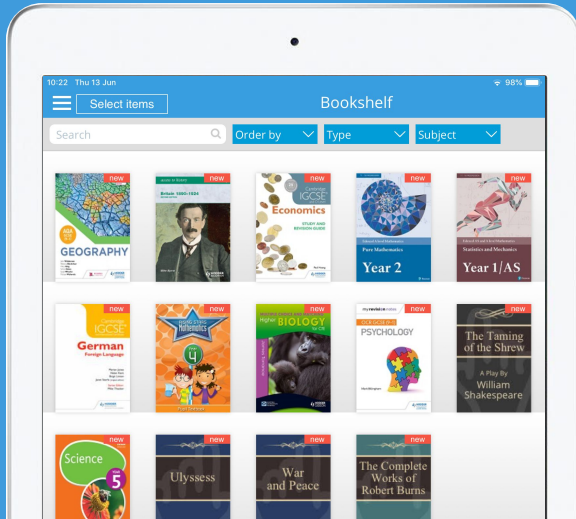

Yes! Teachers can upload and share PDFs with students and colleagues.

Should I use it on one device only?

You can access Classsoos on up to three devices simultaneously.
