## Our Hand Foam Sanitizer (Best Seller)

- Made of 100% herbal constituents
- It contains 70% Organic Ethyl Alcohol
- It treats and preserves the skin layer and gives it the Protection and Softness required since it contains a Treated Foam.
- Antibacterial, Antiseptic and Disinfectant
- It provides longer protection than any Gel or Alcohol , Your hands are protected up to six hours if not washed.
- It keeps the good bacteria needed by the skin so your skin don't get dry
- It kills 99.9% germs
- It is Effective against **Omicron**
- Do not drip from hands like gel sanitizers causing less mess.
- Not sticky , in 15 seconds the foam is absorbed by the hands.
- It is more cost-effective in usage than traditional Gel since Hand-Foam Sanitizer provides nearly twice the number of uses per package of any other Gel Sanitizer.
