TRANSLATE INTO ANY LANGUAGE

The cornerstone of every multilingual video is a great translation. Alugha offers you the toolset to optimize your translation workflow.

Manage a team of translators and leverage AI translation for stress-free and swift results.

THERE ARE 2 WAYS TO CREATE TRANSLATIONS WITH ALUGHA

AUTOMATIC MACHINE TRANSLATION

Save time and money by skipping the manual translation process and leveraging our accurate and fast machine translation

Fast and accurate translation in minutes

80+ languages

Centralized online document management

MANUAL TRANSLATION

You can opt to translate your content on your own too. For that we have a comprehensive set of tools, that will allow you to:

edit, cut and optimize every translated segment

work with collaborators in real time

03

GIVE A VOICE TO YOUR TRANSLATIONS

Enrich your videos with voice-overs in multiple languages to give your videos the tone and voice that perfectly suit your audience.

DO-IT-YOURSELF & COLLABORATE

Create pitch-perfect voice-overs in our digital recording studio. Combine your recording equipment with our frictionless karaoke-style recording workflow for fast and professional results.

Work together with voice-over talents from all over the world and monitor their progress in real time.

AUTOMATIC VOICE-OVER WITH TEXT-TO-SPEECH

Get your video voice-over in more than 30 languages and dialects. Ready in a matter of minutes, thanks to our authentic voice-over AI.

HOW IT WORKS?

Select your preferred voice profile and alugha will provide you with a high-quality voice-over in a matter of minutes.
