

# Satchel One

## Learning platform

Satchel One is the number one learning platform trusted by thousands of teachers, students and parents across the world, supporting each of them on their journey through education. Choose from our selection of award-winning classroom management and whole-school apps, that make up Satchel One, to create a platform that suits your trust's needs. With simplicity and inclusivity front of mind, you can rest assured that our software is always easy to use, affordable and serves a real purpose.

## Trust-wide implementation

Ensuring consistency across your multi-academy trust couldn't be simpler with Satchel One. By providing each school in your trust with access to our platform you can enjoy the same reporting features and immediate access to distance learning tools as well as only having to deal with one supplier and exclusive preferential rates tailored to your trust.

- Give every school in your trust access to distance learning tools
- One supplier for your entire trusts' needs
- Uniform reporting across all schools in your MAT
- Customise each school dashboard so it reflects your trust's branding
- Remote training and onboarding makes for quick and easy set up
- Share resources across schools through Community Resources
- Enjoy affordable software for all schools with preferential rates for MATs
- Software tailored for secondary and primary schools

# Contact us

If you have any questions or want to find out more about implementing Satchel One in your multi-academy trust and our preferential trust rates, please get in touch with a member of the team and we'll be happy to assist.
