

picturepath

picturepath® is the leading visual timeline for children and young adults with Autism

Picturepath is perfect for home and school:

- ✓ No more printing, cutting and laminating
- ✓ Loved by children because it is digital
- ✓ Quick and easy to make changes to your day
- ✓ Fully customisable to suit an individual's needs
- ✓ Saves time and money
- ✓ Continually developed by Teachers, Parents & Professionals

mypicturepath.com

## The Founder's Story

Picturepath is a digital visual timeline created by Richard Nurse and is designed to reduce anxiety in children.

The app works across multiple devices so one timeline can be shared between home and school.

Richard was inspired by his son Freddie, and continues to develop the application to make sure it helps as many children and young adults as possible.

## Get Involved!

Picturepath is available to parents on the App Store, and Google Play - just search for picturepath.

Teachers can get picturepath for their classes in their school by contacting the team on: [support@mypicturepath.com](mailto:support@mypicturepath.com)

Follow the picturepath journey on Twitter, Facebook & LinkedIn!

We look forward to hearing from you!
