

MOBiDYS

# FROG

MAKE YOUR BOOKS ACCESSIBLE THANKS TO AI

# Empower each one to read

**6 → 8%**  
dyslexia

INSERM states that dyslexia affects **6 to 8%** of the population and hinders children in their learning and reading process.

**2015**

## MOBiDYS

**2015** MOBiDYS was founded with one major goal: facilitate reading with digital innovation.

**FROG**

Hence the need for the **FROG format** whose custom made tools support reading comprehension and memorisation.

**82%** of the parents whose children use FROG books see a positive impact on their child's literacy skills and academic success.

FROG's positive impact on literacy tested and validated by dyslexic children as well as health and educational professionals:

Learning vocabulary

Enhanced comprehension

Improved motivation

Participating in class

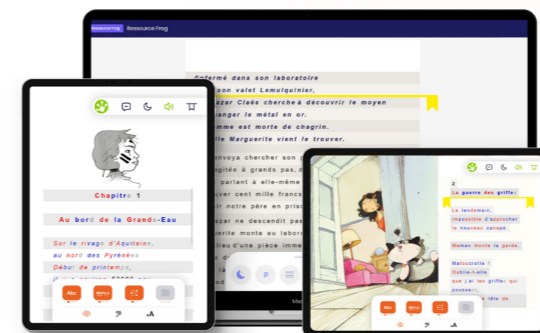

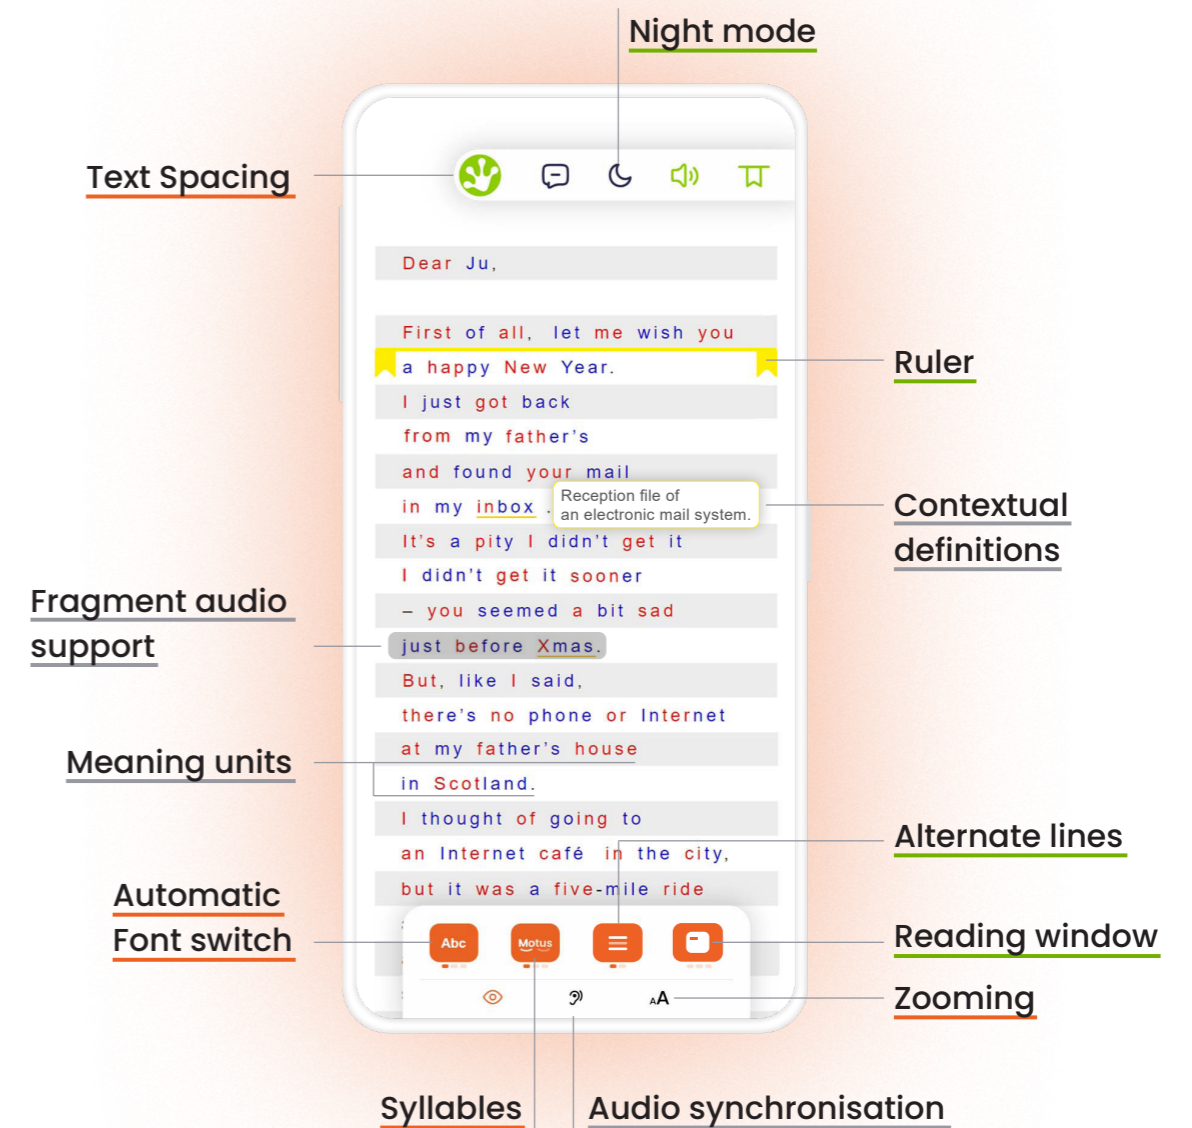

# Hit the road of **literacy**

FROG toolbar improves tough reading experience

Focus attention and guide eyes

Facilitate deciphering

Reach global comprehension

### Adaptable to all devices:

Windows, Mac, Android iOS

We were able to integrate our tools into a wide panel of books, which are now accessible to our readers.

# MOBiDYS digital libraries are already present in:

**France**

schools and public libraries

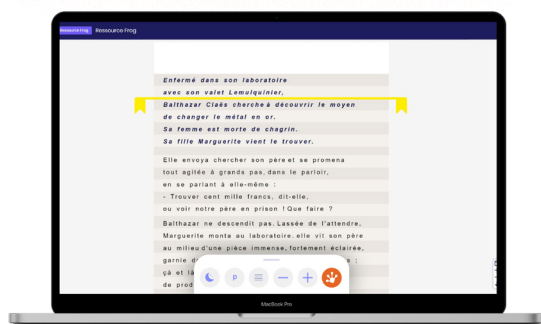

**Canada**

public libraries

## Tomorrow ?

# FROG

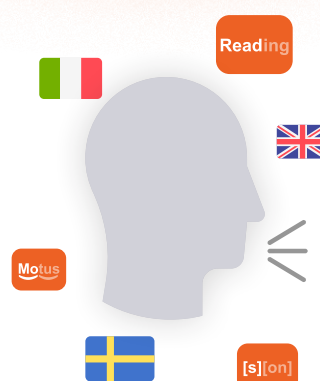

Textbooks

An offer from 1st to 12th grade with  
FROG literature and textbooks

# NEW

Tools & Languages

For more accessibility: morpheme coloring,  
independent control of fluency, ...

2022  
**GES Awards finalist**
