## We are partnering with ESET to protect school IT systems across the UK

Halchax IT Solutions has partnered up with ESET, Europe's number one privately owned security vendor, to protect more than 300 schools across the UK. ESET has helped support education security systems for over 30 years, covering more than 110 million school devices. Now partnering with Halchax IT Solutions, ESET look to elevate their security offering with industry knowledge and expertise.

Europe's number one privately owned security vendor

Protecting over 300 UK schools

Supporting education for 30 years

Protecting over 110 million devices worldwide

## Your school's IT protected

Halchax supports schools with end-to-end security solutions. Starting with an initial assessment, we define your needs and frustrations before presenting a security solution for your entire school's IT, not just individual departments.

When working with Halchax to secure your school's IT, we provide unlimited support at a fixed cost throughout the project. We can support you with your GDPR and ensure your IT related GDPR requirements are covered.

To find out more about how we can help your school, visit [halchax.co.uk/schools](https://halchax.co.uk/schools)

## Speak to one of our expert team today

Halchax offers a wide range of IT services for all your school's needs, not just online security. Our clear and transparent services give you all you need without unnecessarily complicating things. From support to infrastructure, we have you covered.

## Don't just take it from us

*Halchax has helped the teaching and learning of Martin High immensely. They came in, had a look at our system to see what needed updating and what could be implemented, this was all completed within six weeks. We want to use them for all our future projects.*

David Norris, Martin High School
