

Teach about D Day with Steven Spielberg's *"Saving Private Ryan"*
Discuss racism with Oscar® winner *"The Green Book"* or acclaimed *"Hidden Figures"*
Use insights from Disney's *"Inside Out"* in your S.E.L lesson

AcadeMe+, The Visual Learning Platform, offers film-based lessons from 1,000 Hollywood carefully curated films for K12 schools and higher education.

AcadeMe+ features cater to all teachers' needs to deliver film-based lessons, serving to enhance student engagement. AcadeMe+, brought to you by 9-Digital's technology and content expert team, is now launching its international, curriculum and language customizable version, to benefit teachers and students around the globe.

All films and clips are licensed in collaboration with major Hollywood studios: from Disney to Sony, from National Geographic to Fox.

All lessons and teaching guides are written by Journeys In Film's education expert team, with more than a decade of experience writing film-based pedagogical content.

AcadeMe+ Unique Features:

Ready-to-use Interactive Lessons - easily assign in-class or remote lessons, arranged by subject and grade.

Academic Streaming License - hundreds of Hollywood films available for usage in class or remotely.

Smart Lesson Creator - prepare new lessons or edit existing ones with an easy drag and drop feature.

A.I. based Search Engine - search films and clips, by subjects, topic or grade, to use in the lesson.

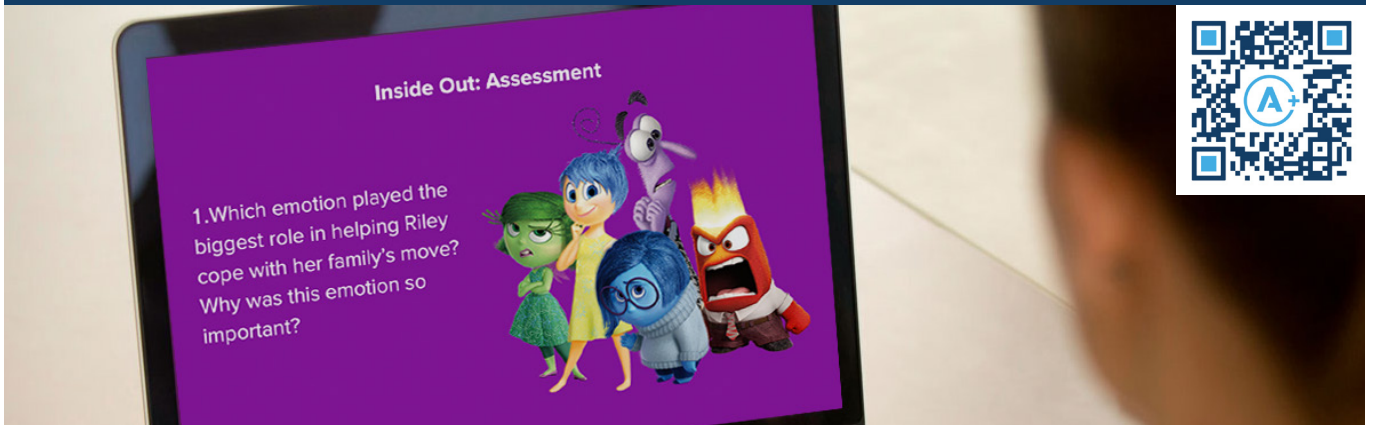

Students Performance Report - track students' achievements and progress.

Teachers' Community Zone - discuss and share your lessons with colleagues.

Improve learning, Increase engagement, Enhance 4C skills, Build empathy

Hundreds of interactive ready-to-use lessons
