Become empowered with Chameleon, the smart, adaptable and cost-effective way to train

- You do not have to be using Chameleon resources in your setting to benefit from this training. The training will help you make the most of whatever resource you are using.
- Assignments consist of a mix of online video, audio, PowerPoint presentations, interactive quizzes, reading material, questioning and reflective tasks.
- Every assignment finishes with a suggested task or action to move PSHE forward in your setting.
- Optional annual subscription to receive regular updated modules and new assignments.
- Modules are organised into 20 minute 'assignments' that can be completed to fit in with your own schedule.
- You can pick what and when you learn.
- There are no formal assignments, written work or external assessments- you are in control of your learning.
- Up to 5 candidates in your school can take the training for just £199 plus VAT
