Choose a better way to work
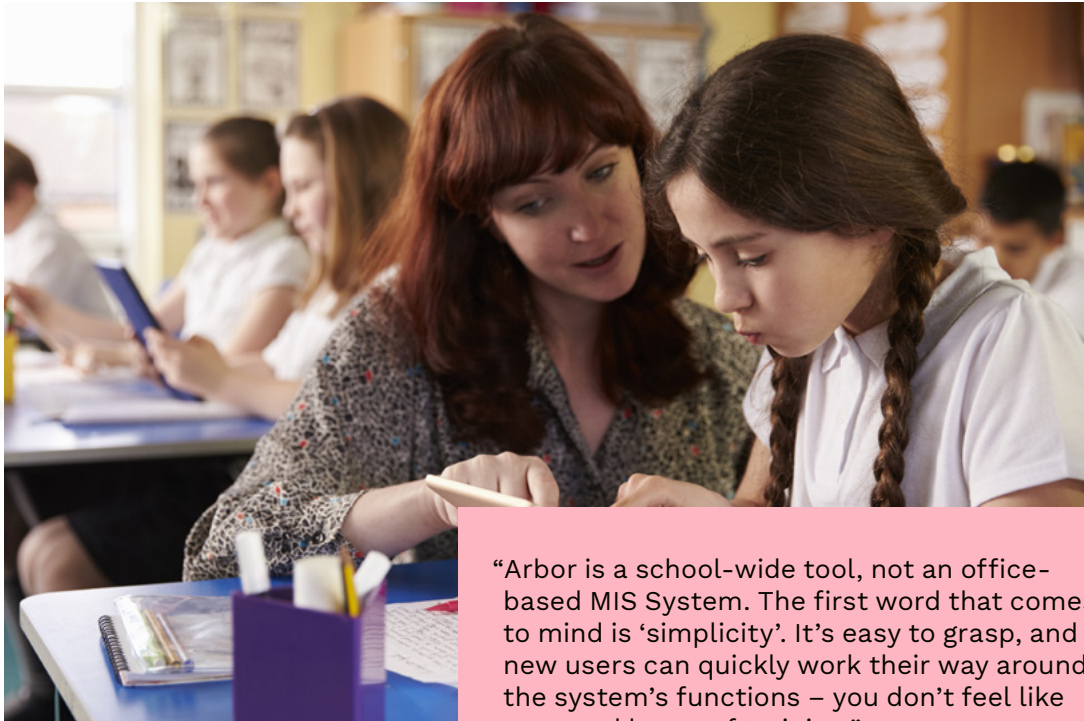

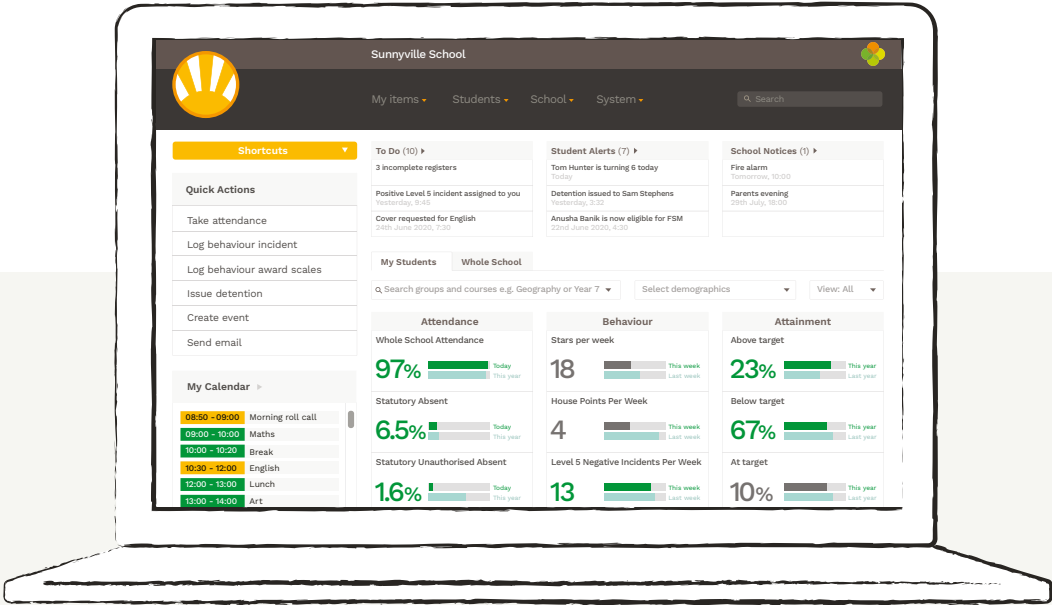

Arbor MIS for Primary Schools

1 in 3

Schools who switch MIS choose Arbor

Arbor

arbor-education.com

With Arbor, schools work better

Arbor MIS helps primary schools of all sizes work more easily and collaboratively, with intuitive tools designed to make a difference.

"Arbor is a school-wide tool, not an office-based MIS System. The first word that comes to mind is 'simplicity'. It's easy to grasp, and new users can quickly work their way around the system's functions – you don't feel like you need hours of training."

Julie Smith
PA to Headteacher at
Parkroyal Community School

With over 1,300 schools we're proud to be the UK's fastest-growing MIS.

Designed to make a difference

Our Primary School MIS is designed to make a measurable improvement to the way you work.

We work closely with schools to make the move to Arbor as pain-free as possible, and we've migrated hundreds of schools 100% remotely. Ultimately we make sure the switch to us is worth it, and drives impact at your school over the long term. Here's what our primary schools tell us:

"If I had to talk to a school that was thinking about changing to Arbor, the one thing I would tell them is to just do it, because your data will actually mean something to you. Instead of inputting data and not really appreciating why or what it means, you will get a view of what is actually happening in your school."

Ruth Davies,
IT Manager at St James' CofE Primary School

92%
save time with Arbor compared to their previous MIS

81%
say Arbor has improved how they analyse and understand data

92%
say Arbor has changed the way they work for the better

One place, not all over the place

So often, primary school staff at all levels have to wear lots of different hats – which normally means lots of different systems and processes to keep on top of.

Arbor brings all your systems, data and communications under one roof, so you can easily spot patterns and make sure nothing slips through the cracks.
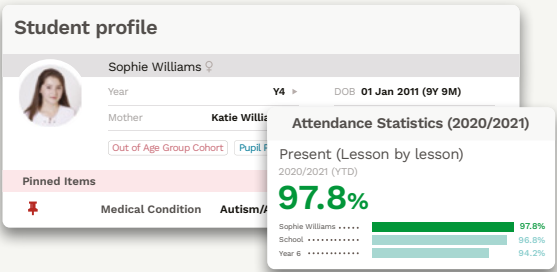

30%

saving on your systems costs by bringing everything together in Arbor

Tell the full story of every pupil

With everything joined up in Arbor, you can follow the full development of your pupils from Reception to Year 6.

The right data at the right time

Everyone at your school gets accessible, usable reporting so all staff have a shared view of progress.

Faster, simpler access

Staff will only need one system login to complete all their daily tasks.

Keep your school running

Because Arbor MIS is cloud-based, staff can stay on top of things wherever they are working.

Tools for a better working life

Features everyone will enjoy
Intuitive and people-friendly all round.

Free staff from busywork
We take the work out of daily admin so you can accomplish more.

Keep the apps you use, replace the ones you don't
Connect with the tools you love and rely on every day, saving you hours of manual work.

For School Leaders...
Out-of-the box assessments and simple, customisable reporting gives you greater insight into your pupil progress every day. DfE benchmarking helps you and your Governors see your school in context.
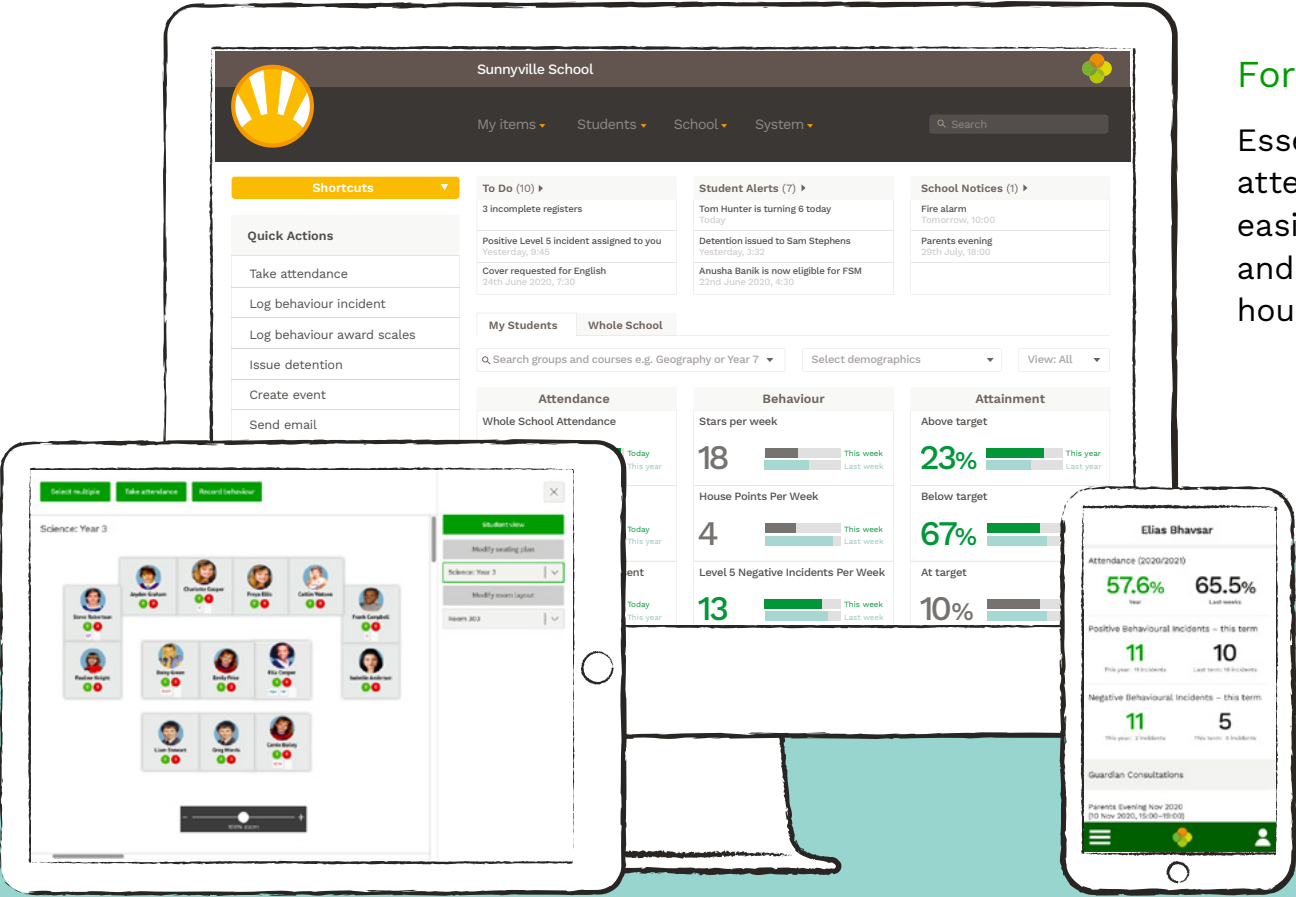

For Teaching Staff...
In the classroom, personalised tools like My Homepage and My Classroom help you stay up-to-date with your pupils, speed through admin, and manage your class seamlessly.

For Admin Staff...
Essential tasks like census and attendance management couldn't be easier, whilst built-in communications and report scheduling will give you hours of your life back!

For Parents and Guardians...
Arbor keeps parents in the loop about their children's attendance, behaviour and academic progress via the Parent Portal and App. Plus, parents' evenings, clubs, trips and payments are all automated.
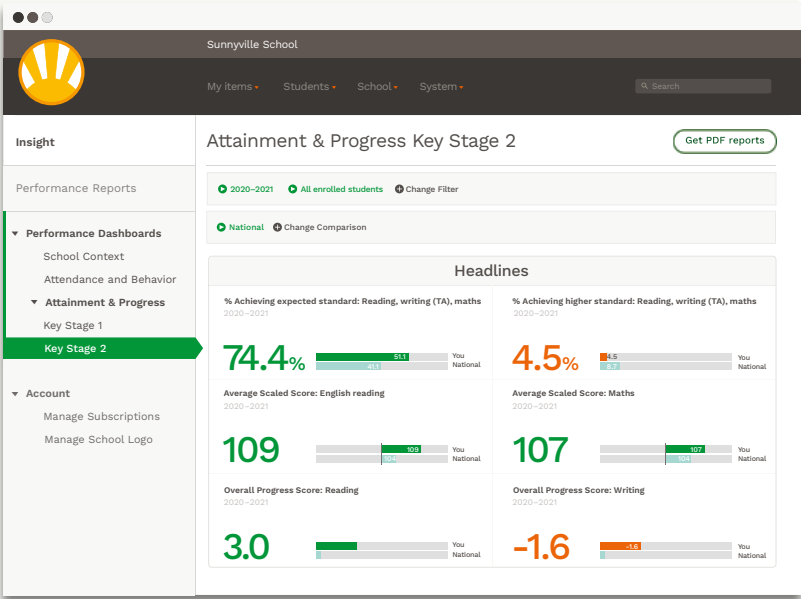

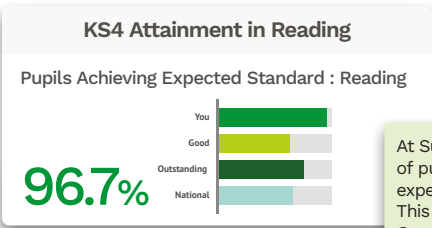

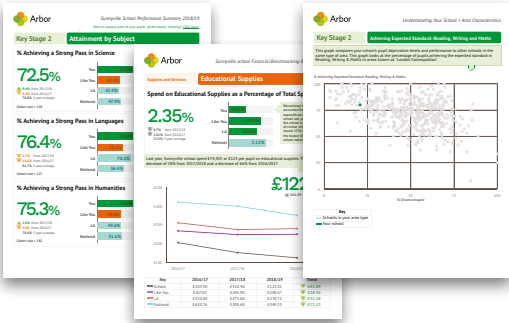

Turn data into action

Get the information you need to make impactful decisions

"Arbor is where we can evidence core learning and the effectiveness of our policies around attendance, behaviour etc. We can get the data we need rapidly to show where we are, how things have changed over time, and which students are behind the trends, which is vital in Ofsted conversations."
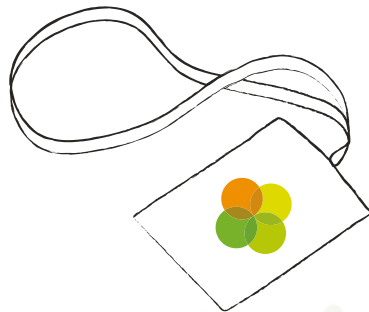

Anthony David
Executive Headteacher at
Monken Hadley & St Paul's Primaries

MONKEN HADLEY
CE PRIMARY SCHOOL

A truly holistic view of your pupils
Arbor is the only MIS to integrate KS1 and KS2 performance and finance data from the DfE with your live, in-year data.
