## Stream Lessons Directly From The Classroom Interactive Remote Learning

- ◆ High quality audio and video.
- ◆ Stream via Zoom, Microsoft Teams, Skype, Google Hangouts™/Google Meet™, etc.
- ◆ Two-way interactive system. Remote students can actively engage with the class.

- ◆ Intelligent Microphone tracks teachers movements around the class.
- ◆ Sessions can be recorded for teacher training and classroom observation.
- ◆ Programmable multi-position camera.

The COVID-19 pandemic has resulted in educational institutions being compelled to utilise the available technological tools to provide remote learning for students in all sectors. With this in mind, Clarity have designed classroom streaming systems that give excellent audio and video for those watching and listening at home as well as pupils present in the classroom, and most importantly are simple to use for teachers.
