

Google Meet Series One Room Kits from Lenovo Education

Smarter
technology
for all

Lenovo

ENGAGE LEARNERS WHERE THEY ARE.

EVERYTHING NEEDED FOR ADAPTIVE LEARNING, ALL IN ONE BOX.

Google Meet Series One Room Kits from Lenovo Education include all the tools educators need to create a successful hybrid classroom environment. With flexible configurations to suit spaces of every size, these kits are easy to procure, install, and maintain. The first room kits of their kind to carry the Series One designation, these modern learning solutions deliver unique features like onboard-AI and intuitive administration.

BRIDGE THE GAP

TrueVoice™ advanced noise cancellation technology, processed through Google's Edge TPU, delivers amazing audio quality to engage students in class and those at home. Plus, 4K-capable AI cameras frame everyone clearly in high-resolution video, so learning distance disappears.

INSTALL IN A SNAP

As the first kits for Google Meet incorporating Power over Ethernet (PoE), Series One Room Kits are easier and more cost-effective to install than almost any other option. There are fewer cables to run for faster installation—so the learning can start right away.

FIND YOUR FIT

Select from three kit options, depending upon classroom size, and two inviting colors: Chalk and Charcoal. Students will love the immersive experience, able to share content and initiate other actions with the user-friendly Google Meet interface or Hey Google voice commands.

MANAGE WITH EASE

Series One Room Kits are managed through the intuitive G Suite admin console, familiar to most IT teams. Plus, these kits are backed by a 3-year Lenovo Premier Support warranty and optional coverage through Lenovo Professional Services.

OPTIONS FOR EVERY KIND OF CLASSROOM.

SMALL ROOM KIT

Perfect for small classrooms and breakout learning groups, this kit comes with compute system, smart camera, smart audio bar, remote control, and high-quality cabling.

MEDIUM ROOM KIT

Ideal for medium-sized classrooms, this kit comes with compute system, smart camera, smart audio bar, mic pod, touch controller, and high-quality cabling.

LARGE ROOM KIT

Designed for large classrooms and lecture halls, this kit comes with compute system, smart camera XL, smart audio bar, add-on audio bar, two mic pods, touch controller, and high-quality cabling.

Lenovo Education provides innovative solutions for today's hybrid learning. Google Meet Series One Room Kits facilitate an immersive and engaging environment to enable collaborative learning from anywhere.
