# Command Platform Overview

All-in-one cloud-based management software for Verkada security cameras

Command, Verkada's cloud-based management platform, is designed to deliver simple access and management for all cameras and users across every site from virtually anywhere in the world. From Command, users can set up new cameras, create new sites, manage settings, access live and archived footage, manage users, and access the advanced features powered by Verkada's edge-based analytics.

Security & Permissions

- SAML/OAuth support for single sign-on

- 2-factor authentication

- User permissions can be controlled at camera, site and organization levels

Remote Access

- Access from any device (desktops, smartphones, tablets)

- Native apps for iOS and Android, and Verkada's VX51 Viewing Station

Archiving and Sharing

- Unlimited cloud archiving

- Easily export any footage in a shareable MP4 format

- Create and share Live Links with first responders

Powerful Edge-Based Analytics

- Search footage by date, time, and motion

- Access People and Vehicle Analytics to simplify investigations

People Analytics

Simplify and speed up investigations with intelligent people and face detection

People Analytics combines intelligent edge-based video processing with computer vision in the cloud to give users high-quality images of all individuals identified in the scene. With Verkada's centralized management platform, customers can filter people by various attributes, including date, time, appearance, clothing color, backpack detection, and facial matches.

Bring Intelligence to Investigations

Face Search

- Quickly search for matching people by selecting an existing face from your organization or by uploading an image

Person History

- Browse through high-resolution snapshots of people detected in frame

- Save snapshots or easily access associated full-res video

- Search for matched people across your entire organization with cross-camera search.

Attribute Filters

- Filter based on a range of attributes, including clothing color, gender appearance, and facial matches.
Person of Interest Notifications

- Set up proactive SMS/email notifications for alerting when a matching face is detected by a camera

- Create a person of interest by using an uploaded image or an existing face from your organization

Vehicle Analytics

Quickly search and filter to find vehicles of interest

Vehicle Analytics is a powerful edge-based feature that gives users high-quality images of all vehicles identified in the scene. With Verkada's centralized management platform, customers can filter vehicles by date, time, vehicle make, color, and body type.

Find and Filter Vehicles with Ease

Vehicle History

- Browse through high-resolution snapshots of vehicles detected in frame

- Save snapshots or easily access associated full-res video

Cross-Camera Tracking

- Easily find similar vehicles of interest across all cameras deployed across all sites

- Create and export playback of multiple angles of a vehicle to quickly provide evidence

Vehicle Filters

- Filter based on a range of attributes, including vehicle color, make, and body type.

Access Software Overview

Powerful features to gain greater visibility and control into your sites

Command, Verkada's cloud-based management software, is designed to deliver simple access and management for all doors, cameras, and users across all sites from virtually anywhere in the world.

Door Management

- Instantly see door events including live and historical footage

- Filter by events such as unlocks, door opens, and access granted or denied

- Create custom schedules for any day of the week

Video Integration

- Associate existing Verkada cameras with doors for increased visibility

- Add multiple cameras to see events from multiple angles

- Quickly export video evidence for investigations

User Management and Permissions

- Import users, integrate with active directory, or add new users manually

- Control door access by user groups

- Assign multi-format access including cards, pins, and mobile access

Site Management

- Manage a limitless number of doors across any number of sites in your organization

- Access all your doors and cameras from Verkada's centralized Command platform
