INTRODUCTION

WELCOME TO THE 11TH ISSUE OF THE GLEE FRESH INSPIRATION

With the start of spring now upon us, we've rounded up a selection of the latest products from some of our best brands that will be showcasing at Glee 2017.

Take a look at what will be shaping the industry's landscape next season, with products from all 8 of our exciting show sectors featured inside. Be inspired to grow your business this September with Glee.

A NOTE FROM MATT, OUR EVENT DIRECTOR:

Welcome back to the Glee Fresh Inspiration! We're looking forward to saying goodbye to those cold winter days, and getting ready to welcome everything that spring has to offer. Here's a sneak peek of some of the amazing spring inspired products that will be showcased at this year's event.

Happy viewing!

Matthew Mein
Event director

HOME BREWTIQUE

www.HomeBrewtique.com
Info@HomeBrewtique.com
020 8133 2739

This new UK company has given homebrewing a long over-due update.

Their refined brewing equipment and high quality pre-measured ingredient kits make it easy to make craft beers just like a brewery, only easily in any sized kitchen. Step by step instructions walk you through the process so within a few hours one can become a bonafide craft brewer.

They offer 10 different beer flavours ranging from Pale Ales, IPAs, Rye and Stouts as well as a retail friendly recipe voucher kit. A long shelf-life and low minimum order quantities make this a unique addition to your gift shop.

BIDVEST

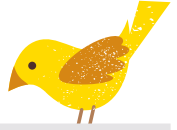

Bidfood is the UK's leading foodservice provider. They offer their customers a wide choice of food, drinks and catering supplies across their collection of their own brands and through their branded supplier partners. Their specialist teams can provide guidance and insight into current trends, industry standards and a forward thinking approach to CSR.

DURSTON GARDEN PRODUCTS

Durston Garden Products Ltd is a British based company offering a high-quality range of growing media to the trade. The company's manufacturing and distribution plant is located in Somerset where the company produces and distributes everything from its entry level Manor Farm Brand, to its top-of-the-range Multi-Purpose Compost; most of which, benefit from the added nutrient Gro-Boost.

Gro-Boost is a scientifically formulated blend of recycled materials and once added to the compost gives it an added nutrient boost which not only aids the growth development of plants and flowers, but also reduces the amount of peat being used, making it more environmentally friendly.

These highly original outdoor pots are designed and manufactured in the UK and are fade-resistant and frost-resistant.

PRONGCROFT

www.prongcroft.co.uk
sales@prongcroft.co.uk
01159 830 344

PRONGCROFT The Garden Prong is a new British designed handheld garden tool. A modern twist on a traditional design.

It makes very light work of removing weeds and aerating soil within garden borders, patio pots and vegetable plot environments.

Anything easy is enjoyable to do, and with a Prongcroft at hand, people will have a tidy garden to view.

Specifically designed for ease of use for persons of any age and ability, it is supplied in three specific sizes.

WESTLAND HORTICULTURE

Resolva Liquid Shots offer an easy way to apply concentrated weedkiller. Pre-dosed with just the right amount for a 10L watering can, there's no mess and no measuring, giving consumers peace of mind that they are applying the right amount.

WILMA'S LAWN & GARDEN

Wilma's Lawn & Garden is a distributor of horticultural additives destined for the European market. They service a wide range of wholesalers that have a customer base consisting of florists, garden centres, growers, specialty stores, out-of-home, e-tail and retail throughout Europe.

All nutrition products are based on extensive research and testing. They distribute nutrients and substrates that are scientifically proven to deliver exceptional plant growth, health and yield across all stages of the plants life. Widely acknowledged for producing great results when growing in hydro, peat or even coco's growing media. The assortment is complemented with a range of highly effective growth enhancers alongside nutrient additives. They also offers various types of growing media.

QUICKGRASS

Quickgrass Limited are able to provide a trade supply source for bespoke cut roll lengths of their excellent 'Soft Touch' artificial grass range.

They have created a range of landscape grasses that look like natural grass both in colour and appearance. By using only the finest yarns they have developed grasses which are luxuriously soft yet exceptionally strong. Not only is the surface fantastic, the back is coated in a double thick layer of latex making our grass the best artificial grass you can buy.
