2020 Collection

Many New Ranges for 2020

Welcome to the 2020 Tilnar Art Brochure. We are looking forward to a very exciting year as we are launching many new Recycled & Eco-Friendly Collections and we have rebranded with a new Tilnar Art logo.

One of our main new collections for 2020, our H2O Collection, was created due to our determination to make a difference after our recent visit to see our suppliers in India. During the visit we saw first-hand the devastating effects of plastic pollution and the miles of mountains of plastic waste it creates. It was very upsetting and made us committed to do something about it by launching our H2O Collection of re-usable Copper Water Bottles.

We are passionate about helping to reduce plastic pollution and for years we have tried to remove all plastic packaging from our products and ensure all our products are

made from natural or recycled materials. As part of our commitment, we have made a significant investment in a cardboard shredder to try and reuse all of our unwanted cardboard as packaging.

To introduce the H2O Collection of re-usable Copper Water Bottles was a natural continuation of our desire to not only eliminate plastic in our products and packaging, but to actively reduce the amount of plastic, specifically plastic bottles, used by consumers. We are hoping that each Copper Water Bottle we sell will **"help the environment one sip at a time"** by reducing consumer's use of single use plastic water bottles. Did you know that 10,000 Plastic Water Bottles are purchased every second that are not recycled? We hope you can support us by stocking these fantastic copper water bottles. We have chosen to make them from copper due to the numerous health benefits of using copper drinking vessels, so we hope to not only help the environment but help our customers stay fit and healthy too.

The ingenuity, creativity and brilliance of our artists never ceases to amaze us and we hope that you will be impressed by the new environmentally friendly products we have developed for 2020.

Thank you for your continued support.
