OUR STORY

Korbond was established in 1956, over 9,000 miles away in Australia, by an engineer called Henry Korski. In the early days, Henry and his wife, a chemist, developed and manufactured products for the garment and shoe trade. Henry established the business with strong core values at its heart, and a strategy focussed on delivering retailers high quality products supported by excellent service.

Today, over 60 years on, we are the UK's leading industry expert in sourcing and supplying retailers with haberdashery, crafting tools and clothes care. We have long-established trading relationships across a wide range of retail channels and offer every customer an end to end category management solution.

Utilising our decades of experience in creating, sourcing and supplying haberdashery, craft and clothes care, we have expanded into supplementary categories including homeware, gift & promotion and travel accessories.

We are a family owned business, built on strong family values and our unique heritage still shapes the way we do business today

OUR OFFERING

Within our categories we offer trusted brands, and where required we can also provide a bespoke or private label product to cater for different retailer needs.

Our Haberdashery and Clothes Care category includes our signature Korbond Care & Repair brand, the UK's No. 1 range within the mass market encompassing a comprehensive range of sewing, mending, clothes care, knitting and crafting accessories (find out more on page 4).

The Homeware, Gift & Promotion category features our award-winning brand Creations by Korbond, offering a premium design-led storage and gifting collection for crafters and households (discover more on page 47).

Travel Accessories is the latest addition to our portfolio and is a category which includes the navig8 brand. This range is bright, contemporary and impactful. It contains all of the key-selling travel accessories, including adaptors, luggage security & identity, comfort, health & hygiene and appliances.

We offer personalised solutions, tailoring our sourcing, ranging & service models to suit our customers requirements

OUR PROMISE

Our commitment is to provide a first-class personalised service, driving strong returns for retailers and great value to consumers. Working closely with retailers to define product, promotion, delivery and merchandising, we provide the most appropriate solution to deliver maximum return on investment.

We do not require you to open a trade account, there is no minimum order requirement and free delivery on any order valued over £60 (excluding VAT) within mainland UK. We pride ourselves in our stock availability and with our proven, audited ability to dispatch all orders with a pick accuracy of 99.99% you can be confident that your order will be there on time every time.

We help retailers better service their consumers through smart sourcing, smart processes and excellent customer service

This is the Korbond Promise

IM+

Im display options offer convenient solutions for customers who are looking for a complete range. We have a number of Im tailored solutions available, however we also offer the ability to customise the product range to meet specific retail requirements.

Single/Double Value Fixtures

A great option for those who wish to have freedom of how they display within the retail environment. Choose between the single sided for space restricted stores or the double-sided for those looking to stock a comprehensive range. These stands come flat packed for ease of transportation and are simple to construct.

Rotating Slat Tower

4-way rotating slat wall tower allowing a variety of products to be displayed from different angles and heights creating an eye-catching presentation which can be shopped from all sides.

Products may vary on all merchandising

Counter Spinners

Space optimising counter top spinner units for those seeking affordable impulse solutions.

MERCHANDISING SOLUTIONS

FSDU'S/Shippers

We offer a variety of FSDU, shippers, counter display units and clip-strips, which can be sited within high traffic areas in stores. They are ideal for seasonal or promotional retail periods. We offer a bespoke design service and can build modified FSDU, shippers and CDU's to suit requirements.

YARN

Made from acrylic fibre, the yarns are first manufactured as a single filament, which is then folded together in the same process as wool. By mimicking the production of natural fibres, it ensures well constructed knitting with neat stitch definition. Korbond yarns enable crafters to get experimental by mixing colour shades to create unique contrasts.

homeware, gift & promotion

We are proud to introduce our collections of design led craft storage, accessories and inspiring gifts for every occasion. Throughout the year we have multiple in-house collections to choose from, all based upon the latest trends and designs. Alternatively, our design team can personalise a collection to suit a specific theme or style across a wide selection of products, all of which can be tailored to individual finishes and price points.

We recognise that individuals strive for their own personal style and character with many spending their time researching various themes and colour schemes to design the ideal living space within their homes. Embracing this need for personalisation, we aim to bring together the most unique craft storage and gifting solutions in our Creations by Korbond collections.

Our luxury collections are perfect to suit any space, something to match the craft room or home interior or simply an alternative gift idea to the usual flowers and chocolate that will bring a nostalgic smile to the receiver's face.

OUR JOURNEY TO EXCITEMENT & SATISFACTION

Our product development team and in-house designer deliver a combination of passion, care and attention across the design and production process to meet exacting standards:

- Intensive research and study of future Homeware and Fashion trends
- Versatile capabilities for sourcing and bespoke design of fabrics from various regions
- A focus on product design, product engineering and finishing touches
- Continuous product testing, sampling and quality checks ensure the final product meets our standards
- On time fulfilment with supporting marketing campaigns to support the launch

BESPOKE COLLECTIONS

We offer a service to personalise collections, and are thrilled to work on new projects to execute against an existing brief, or to inspire and design a collection from scratch. Our team are skilled, and with one eye on quality and the other on consumer appeal, we have the expertise to take the hassle away and deliver exclusive collections.

- Follow a design brief to complement existing products, or create a new brief to meet a season or theme
- Work from stock product shapes and sizes, or design and build bespoke collections
- We can source stock fabric designs and textures, or design and print to order
- Use existing fastenings and fixings, or use specific embellishments
- Develop or source additional complementing products for other categories
- All tailored to specific commercials and price points
- And we do not stop there, as we also offer an end to end service for merchandising, promotional range planning and delivery.
