Handcrafted gifts for the home and garden

## Welcome to Primus

Primus is part of the Perry Group founded in 1925 and has remained a family run business to this day. Now directed by the 3rd and 4th generations of the Perry and Dunnaker family, much has changed in the last 95 years but the mission that drives the company forward has remained the same since Arthur Perry founded the company all those years ago;

"To provide true and lasting value to our customers through high quality and forward-thinking products, highly efficient customer experience and proudly providing personal and honest service levels."

Primus is a brand built around creativity, always looking for the next new and exciting products to bring to the market. We design in house and source from around the world.
