

Why Choose Zest 4 Leisure?

Zest 4 Leisure is a British family-run company, which has been designing and manufacturing timber products from sustainably sourced timber for five generations. Its award-winning FSC® certified garden furniture, decorative garden products, structures and fencing ranges are the result of innovative design, a true understanding of today's customer needs and unrivalled expertise in designing and manufacturing garden products. Zest 4 Leisure sells to garden centres, major retailing groups and online retailers, and offers a complete "home delivery" service across the United Kingdom and Northern Ireland.

The impressive sales and marketing support includes providing digital lifestyle images and product videos as well as POS, merchandising units and customer focused brochures.

Zest 4 Leisure is on a journey of continuous development to become the garden product supplier of choice, delivering quality and satisfaction with excellent customer service.

Meet the Zest 4 Leisure Team...

"Welcome to Zest. We have a dedicated sales team of professionals covering the UK and Northern Ireland, plus a national distribution delivery network to support stockists. In addition we offer a home delivery service for retailers who sell online. Our aim is to deliver the best in customer service."

Our GIMA Awards

"We are very proud to have a number of GIMA Award winning and Award finalist products as part of our range, confirming our commitment to quality and design. Having won several GIMA Awards since 2015, at Zest 4 Leisure, we understand the importance of the event and were disappointed to not have the opportunity in 2020 to enter some key products from our innovative 2021 range. Let's all look forward to the 2021 GIMA Awards."

Simon Davison, Head of Commercial Development

Customers Love Zest 4 Leisure

With 5 generations of experience in the industry, Zest 4 Leisure truly is an expert in timber. Our ability to design and craft sustainable products from carefully selected wood is what continues to delight our customers. Our range includes garden furniture, fencing, gazebos, swings, obelisks and arbours and a hand-picked selection of grow your own.

Zest designs are fresh, innovative and based on a real understanding of wood, which is a natural and beautiful material. With many years of listening to what the customers want, we deliver a range that is stylish, comfortable and long lasting, ensuring customer satisfaction, relaxation and the sense of wellbeing that the beauty of wood provides.

At Zest 4 Leisure the company's philosophy is to develop products based on the changing needs of the customer. We know that 2020 has brought changes in how people enjoy their garden. Because of this it has been even more important to get a deeper understanding through using market research and focus groups. As a result, we can safely say that for many – convenience is key. We are introducing our new EasyBuild approach with the 2021 range. Our attention to design ensures new products are simpler and easier for the customer to fit together. This is *User Centred Design* at its best and your customers will love the results.

Delivery Options to suit you Complete Flexibility

Order precisely what you want in the quantity you want and still get great quality and a great trade price.

Association Memberships...

Every effort has been made to provide up to date, factual information, but as our policy is one of continual improvement we reserve the right to modify or change specifications as necessary. No liability will be accepted for errors and omissions. All guarantees are conditional and if you are in any doubt as to the term and conditions, please feel free to contact us. All sizes where quoted are approximate and in metric. Products have been measured to maximum exterior dimensions including roof overhang unless otherwise stated. Some specifications may vary due to availability and product improvements. Colour has been applied to some products for photographic purposes only. We take great care in the photographic accuracy of products shown in our brochure, however due to variables in both photographic and printed processes and the natural characteristics of wood, colours may not exactly match the actual products. All orders below £500 will incur a delivery charge (UK Mainland only).

ZEST Aggregate

Our New Zest Decorative Aggregate is the perfect addition to the Zest 4 Leisure timber range.

- ✔ Order by the pallet
- ✔ Mix & Match order with Timber Products
- ✔ Can be included in Minimum Carriage Paid total

Choose from our new range of 16 decorative aggregates. Make up your minimum carriage paid order from both aggregate and timber products. Aggregate is to be ordered in pallet quantity, and can be added to a timber order to make up the minimum carriage paid order.

DECORATIVE AGGREGATE

CHOOSE FROM OUR RANGE OF 16 DECORATIVE AGGREGATES

HOME DELIVERY

Zest 4 Leisure Home Delivery

At Zest 4 Leisure – we have a well established and successful home delivery offer, servicing the UK and Northern Ireland.

Through the Home Delivery strand of our business known as Zest Direct, we offer both e-commerce specialist and multichannel retailers the opportunity to order products from our extensive range which can be delivered directly to a customer's home address. Deliveries usually take between 3 and 5 working days via third party carriers. Currently we work with a number of the leading e-commerce specialists.

At our Saltney Zest 4 Leisure site we have our own marketing film and photographic studio to ensure we can provide a huge library of product images and lifestyle videos to meet our retailers marketing needs.

We have an experienced and highly dedicated Zest Direct team who support our retail partners. Full customer service is provided right up to the point of delivery. Our processes and systems are continually reviewed to improve the customer experience. In 2021, our focus will be on developing new reporting functionality. In addition we continue to invest in improving the way our products are packed and prepared, prior to being despatched from our purpose built warehouse.

Gazebos

Providing the perfect setting to relax with family and friends outdoors. Cleverly designed, these gazebos offer total flexibility with a choice of trellis and panels to suit individual needs.

The Tatton Gazebo

For locations where additional privacy or extra shelter is required the Tatton fits the bill. 3 solid tongue and groove panels provide a solid backdrop to the building and two balustraded sections are included for each side of the entrance. You can replace the balustrade sections at the front with any combinations of the other panels for an additional charge.

Size: W x D x H

Product Code: 00629 2.64m x 2.64m x 2.49m

The Moreton Gazebo

The Moreton Gazebo with square trellis is a great feature for any garden with your favourite climbing plants entwined through the attractive pressure treated timberwork. Add an additional trellis panel at the rear rather than the solid panel without cost to give 360 degree views from your gazebo.

Size: W x D x H

Product Code: 00503 2.64m x 2.64m x 2.49m

ALTERNATIVE OPTION

The Clifton Gazebo

This beautifully designed gazebo has a solid tongue and groove panel at the back with diamond trellis either side and balustrade sections each side of the entrance. Add an additional trellis panel at the rear rather than the solid panel without cost to give 360 degree views from your gazebo.

Size: W x D x H

Product Code: 09650 2.64m x 2.64m x 2.49m

ALTERNATIVE OPTION

Individual design

Now's your chance to design the building that best suits your garden and your requirements. Our pressure treated range of open sided Gazebos come in a choice of 3 standard Gazebo designs. However, if you don't think the exact combination of panels is right for you then choose any combination of the 3 panels shown above, add two front balustraded sections and, of course, the entrance way and we'll supply your new Gazebo to your specification. (Photos show fitted benches, these are available as optional extras).

Planning Permission (England & Wales)

If you site a building within 2m of your boundary fence then it must be under 2.5m in height.

Uniquely, our gazebos are 2.49m in height and therefore don't require any planning permission unless you have a listed building or live in a conservation area. Please ask for details if you are in any doubt.

Groundwork & Installation

Any garden building requires a firm and level base and our open sided gazebos are no exception. Slabs or concrete are the best option. Installation is straightforward with instructions supplied.

Our Arches

Arches are an attractive feature in any outdoor space, providing height to create a focal point in any garden.

ALL PRODUCTS THAT ARE HIGHLIGHTED ABOVE ARE NON-STOCKED ITEMS AND ARE MADE TO ORDER WITH EXTENDED DELIVERY LEAD TIME. TO BE ORDERED IN FULL PACK QUANTITIES ONLY.

Timber Characteristics...

Natural and unique, our timber's story

Timber is a unique, natural material with its own characteristics. Therefore every timber product we make is unique with its own distinctive features and beauty.

Timber is a highly versatile and environmentally friendly alternative to materials such as metal and plastic. All timber used to manufacture Zest 4 Leisure's products is certified by the Forestry Stewardship Council®, meaning that it has been ethically sourced.

As timber is a natural, organic material, dimensional movement is not uncommon. This movement may cause splits and cracks to appear. Changes in temperature and humidity can cause wood to expand and contract over time.

Knots embedded in timber (wood) are a

common feature and add to the character of the products. The number of visible knots will vary from product to product.

Most Zest 4 Leisure timber products are pressure treated to extend the product life. During the pressure treatment process, green spotting may appear on the surface of the new products, which is caused by salt leaving the timber. This green spotting is a natural side effect of new timber and will fade over time, without affecting product durability or quality.

Each piece of timber is unique and so colour variations often occur. Colour variations may be noticeable, however, once assembled and exposed to the sun, colour and shading will even out as the timber reacts to sunlight.

Making the most of what nature has provided...

Timber enhances the way we live and enables us to feel closer to nature benefiting our long term health and wellbeing.

Forest Stewardship Council®

Zest 4 Leisure is committed to using responsibly sourced, sustainable, FSC® Certified timber. The company ensures that all timber and timber related products are certified to FSC® standard.

Zest 4 Leisure is a Forest Stewardship Council® certificate holder. Being an FSC® certified company is important to Zest 4 Leisure as it shows commitment to the environment and to responsible sourcing. Zest 4 Leisure actively promote the advantages of a certified forest management scheme.

The FSC® logo indicates which products are FSC® certified throughout the brochure. Look for our FSC® -certified products.

IMPORTANT INFORMATION REGARDING FURTHER TREATMENT:
Pressure Treated products should not have any further treatment applied for the first 6 months.

Zest 4 Leisure's Marketing Support Helps Build Sales

Zest 4 Leisure's New In-house studio

“Having our media studio in Saltney means we can deliver high impact short product videos and images that our retailers can use to enhance their customers online experience.”

Steve Morgan,
Managing Director

All Zest 4 Leisure customers can benefit from an extensive range of marketing support materials, including product and lifestyle imagery, point of sale, animated assembly videos and modular merchandising units.

Our impressive digital library of videos and images includes a selection of lifestyle productions featuring Zest 4 Leisure products showcased in garden settings.

Included in the digital library is a wide range of quality, high resolution imagery for grow-your-own, furniture and decorative garden products all of which are available for use by stockists and online retailers.

In addition we have 'How To' build animated videos showing in detail how products fit together, making self-build easy. These are available on our YouTube channel and can be embedded onto retailers' own websites.

Our marketing package features a variety of merchandising and marketing support materials including full colour PoS, customer brochures, modular merchandisers and header boards. The company's dedicated customer service hub is there to provide assistance and ensure quick delivery of support materials.

Animated Assembly Videos

Online "How To" videos for product support

We design and build our Zest 4 Leisure range with ease of assembly in mind, but we know some of your customers might feel reassured to see this for themselves.

That's why we invested in our own studio at our Saltney site, and now create animated assembly videos for a range of our products, from arbours to cold frames and planters.

Use these videos online, or why not

inspire your visitors instore if you have the facility?

The videos are to be used in conjunction with the printed instruction sheets supplied with the product which are also available on our website.

Lifestyle Product Information Videos

We also offer short lifestyle product information videos for some of our range. Contact us for more details.

Every effort has been made to provide up to date factual information, but as our policy is one of continual improvement we reserve the right to modify or change specifications as necessary. No liability will be accepted for errors and omissions. All guarantees are conditional and if you are in any doubt as to the terms and conditions, please feel free to contact us. All sizes where quoted are approximate and in metric. Products have been measured to maximum exterior dimensions including roof overhang unless otherwise stated. Some specifications may vary due to availability and product improvements. Colour has been applied to some products for photographic purposes only. We take great care in the photographic accuracy of products shown in our brochure, however due to variables in both photographic and printed processes and the natural characteristics of wood, colours may not exactly match the actual products. All orders below £500 will incur a delivery charge (UK Mainland only).
