SOLUTIONS

# MARKET LEADER

Market leading roofing sheets for garden outbuildings and pet enclosures

## QUALITY & KNOWLEDGE

Onduline's lightweight eco-friendly corrugated roofing systems are a popular choice with homeowners who are looking for an attractive, long-lasting solution for refurbishing their garden sheds, summer houses, children's playhouse and housing for pets.

Interest in DIY in the nation's gardens has risen incredibly as people are encouraged to 'get out there' and give their garden buildings a makeover.

Key selling features of the Onduline roofing system is that it is made from **50% to 60% of recycled** materials, it's easy to install, needing no specialist tools, it's virtually maintenance free and there are a choice of colours available.

A growing number of garden centres now promote and offer new garden sheds and garden buildings, but very few offer the materials to renovate them and this is a growing market with lots of potential and it's a very simple product to stock.

# ROOFING & CLADDING SHEETS FOR DIY-ERS!

## ONDULINE CLASSIC SHEETS

A popular choice for a DIY-ers due to its ease of installation and aesthetics. ONDULINE CLASSIC is an extremely tough, lightweight, corrugated roofing system, made from recycled cellulose fibres and is suitable for a range of applications from garden renovations to new constructions and is guaranteed for an impressive 15-years.

## ONDUVILLA TILE STRIP

Perfect roofing solution to replicate a clay tile look. Aesthetically pleasing, highly durable, lightweight and reliable, ONDUVILLA roof tiles are the ideal roofing solution to cover a variety of buildings, including, sheds, garden rooms, car ports, orangeries and summer houses and are available in 'retail friendly' packs of 7.

Fast waterproofing

### ONDULINE EASYLINE

Our stylish ONDULINE EASYLINE sheets come in smaller compact sizes, which make them easy to transport in a standard sized car and can be available in one eye-catching standalone branded pallet complete with accessories and fixings. Available in a choice of vibrant colours to give a children's playhouse, garden shed or pet home a stylish finish.

### BARDOLINE ROOF SHINGLES

BARDOLINE CLASSIC asphalt shingles provide a watertight and cost-effective roof. Recommended for small or medium sized roofs. BARDOLINE CLASSIC shingles are available in different shapes and colours. Fire resistant, these shingles are manufactured using specially formulated bitumen asphalt, reinforced with glass fibres and are guaranteed for 10 years.

# ACCESSORIES AND FIXINGS

## MATCHING ACCESSORIES

Our ranges of corrugated sheets come as a complete system with colour matching verges and ridges that are also available in slim size.

Onduline also has quality fixings to match the colours of the sheets for a seamless finish.

## MEMBRANES AND UNDERLAYS

Onduline sheets and shingles are resistant to the build up of condensation; however any single thickness roofing material is at risk of condensation formation during the winter months. ONDUTISS underlays and ventilation accessories will improve the breathability of the roof and are a great complement to the range of sheets and roof shingles. Available in retail friendly pack sizes: 1m x 20m rolls.

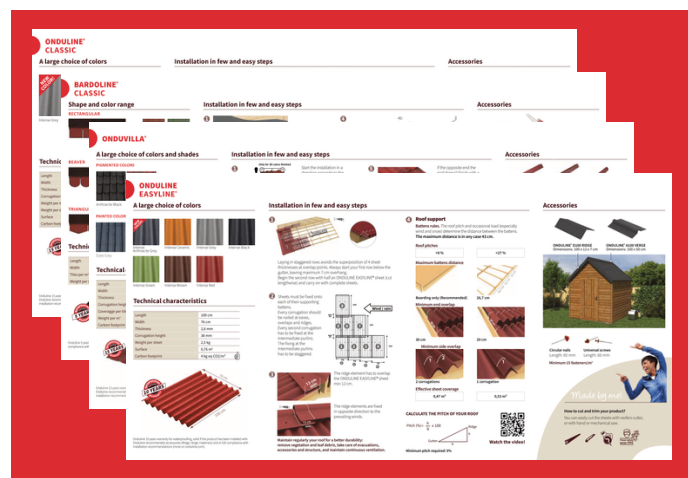

## WHY ONDULINE?
