*The simplest pleasures  
are the best.*

The flavour of food cooked outdoors. The warm glow of evenings by lantern light. These are the moments and memories that inspire us at Campingaz® and have done so for over 70 years.

Since 1949 we've enhanced people's experience of the outdoors and continue to innovate and inspire through our barbecue range.

Today we still believe in that combination of practicality and inspiration – whether cooking in a garden, on a balcony or camping far from home.

## All new for 2021

New for 2021, the Campingaz® Select, Premium and Onyx ranges of 3 and 4 burner barbecues offer fresh styling, innovative new technologies and unique features to enhance the consumer's barbecuing experience.

## New engineered design

The Campingaz® 3 & 4 burner Series models feature a new and unique appearance, including:

- Stylish T-shaped body, side tables and lid design combining crisp edges and smooth curves
- Handles that are more substantial and have a premium feel
- A raised grilling height for increased comfort
- Sturdy side tables with convenient Push 2 Fold mechanism
- Storage space for gas bottles up to 13kg within chassis

## New innovation and technology InstaClean® Aqua

Introducing InstaClean® and InstaClean® Aqua. While InstaClean® lets the dishwasher ease the burden of clean-up, InstaClean® Aqua also features water filled slide out grease drawers to retain cooking residue, as well as an optional drain and waste box with filter for easy disposal.

InstaClean® parts are removable and fit in a dishwasher for easy cleaning.

InstaClean® Aqua Pro with drain and waste box in each drawer.

## Significantly less flare-ups

The new burner and grid design removes the requirement for burner protectors, greatly reducing flaring during cooking, while the Campingaz® Blue Flame stainless steel burners deliver a single row of vertical flames directly to the grilling surface and evenly across the entire cooking area.

- Blue Flame burners are pre-attached to front flow control panel, saving up to twenty minutes construction time
- Additional heat shield protects any electrical wiring from overheating
- The side burner gas line is manufactured from stainless steel for increased heat protection

## Versatile cooking and grilling options with Campingaz® Culinary Modulares

Simply take out the inner ring of the cast iron Culinary Modular Grid and insert one of the various Campingaz® Culinary Modular Barbecue Accessories including; Paella pan, Pizza stone, Wok and Chicken roaster.

## Model specific features include:

- Backlit serigraphy on the one touch InstaStart® ignition
- Improved door hinges
- Improved rubber over moulded wheels or swivel caster wheels.

## A more extensive product portfolio

Campingaz® now provide a complete range of barbecues with clearly categorized features for all consumers, including:

- Portable barbecues for camping and weekends away
- Barbecues for balconies and restricted spaces
- Full size family barbecues
- Planchas for convenience and cooking versatility

## Campingaz® Attitude 2go CV

Introducing the new Attitude 2go CV barbecue, the perfect balance of a handy portable barbecue with many of the outstanding features and styling of the current Campingaz® Attitude 2100 LX.

The Attitude 2go CV is far smaller than the Attitude 2100 LX at 65cm wide, 36cm high and 52cm deep, and weighs in at just 13kg, making it ideal for camping holidays or weekends away.

In addition to the reduced size the Attitude 2go CV is powered by the extremely portable Campingaz® CV470 Plus gas cartridges and features a built-in hose and regulator with EasyClic® connection.

## A feature-rich mini barbecue

Along with innovative design, this lightweight and extremely portable barbecue is packed with innovative features:

- Blue Flame burner ensuring even heat delivery
- Enameled cast iron cooking surfaces
- Front loading grease tray for easy clean-up
- Die cast aluminium lid to retain heat and ensure efficient convection grilling
- Comfortable carrying handles for effortless lifting
- The barbecue comes preassembled straight from the box, saving on construction time.
